SUM OF $500,000 WILL BE EXPENDED BY SANITARIUM

Action Authorized at Meeting Held Yesterday; Visit Site of New Institution

Authorizing the expenditure of $500,000 for the new Glendale Sanitarium plant on East Wilson avenue, the constituency of the Pacific Union Conference of the Seventh-day Adventist church met in Glendale yesterday at the sanitarium.

Elder J. E. Fulton presided over the session, which was representative of the Pacific coast and the southern California conference in particular. At noon the delegates of the different churches were taken to the proposed site in the foothills and sandwiches and nectar served them.

Immediately after the luncheon and inspection of the site, Elder Fulton called for a vote on the proposition and there was not a dissenting vote.

Vote of Confidence

This was considered a gratifying vote of confidence in the present management of the institution, namely, C. E. Kimlin, business manager, and Dr. H. G. Westphal, medical superintendent.

The plans for the erection of a $300,000 building on the $50,000 site already have been made public and the probability is that more will be spent in the structures on the foothill property between Wilson and Sycamore Canyon avenues.

A high official this morning stated that the Glendale Sanitarium will be the effort crowning all institutions operated by the Adventist church, which is noted for its endeavor along this line.

Mrs. Minnie Budlong Visits Relatives Here

Mr. and Mrs. H. J. Olmsted of 364 West California Avenue, enjoyed a visit over Sunday from Mr. Olmsted's aunt, Mrs. Minnie Budlong of Rockford, Ill. With her daughter and son, Miss Mamie and Ainthrop Budlong, she is leaving this week for her home in the east after spending her seventh consecutive winter in southern California.

Mrs. Budlong is the daughter of Philander Smith, philanthropist, who gave financial assistance toward the founding of the higher institutions field. Among these colleges and of learning in the foreign missionary schools which bear his name, perhaps the best known is the Philander Smith Theological Biblical Institute of the Aoyama Gaukin, at Aoyama, Japan, founded in 1883, and of which institution the Rev. Julius Soper was appointed dean in 1897, serving in that capacity until 1907, a period of ten years. Mrs. Budlong is a sister-in-law of W. B. Blackstone, who is closely connected with the work of the Bible institute in Los Angeles.

Special Dance Number Is Added to Program

In addition to the musical program which has been arranged by Mayor Spencer Robinson for the benefit concert to be given at the high school auditorium tomorrow night by the Woman's Relief corps remodeling the G. A. R. hall, a special dance number has been added, for the purpose of securing funds for Julia Pelley and Gould Moore will give an interpretation of an Indian war dance.

Brush Fire Damages Fence, Chicken House

A brush fire of unknown origin was the cause of a blaze which partially destroyed the fence and chicken house at the home of Dr. and Mrs. A. L. Bryant of 1635 South San Fernando road at 10 o'clock this morning. The fire department's quick response in answer to a call for assistance prevented what might have been a more serious conflagration.

LOCAL FOLK AT MEETING

The convention of Southern California music teachers at Normal Hill Center, Los Angeles, was attended by Mrs. Dora L. Gibson, head of the music department of Glendale Union High school; Miss Pansy Sheldon and Z. Earl Meeker of the high school music department; Miss Elsa Brenneman, head of the grammar school music department; and Miss Grace Jackson, local music teacher.

VOTE FOR BONDS IS URGED

The importance of insisting that their parents should vote tomorrow for the issuance of $600,000 worth of bonds for the erection of a new high school plant this morning was impressed upon the students in two special assemblies at Glendale Union High school.

SALVATION ARMY MEETING

The Salvation Army officers and corps from Pasadena will hold a street meeting at the corner of Brand boulevard and Broadway Wednesday night of this week at 7:30 o'clock. Good music and speaking are promised.

High School Bond Election Tomorrow Be Sure and Vote!

The high school bond election will be held tomorrow!

Vote! That's the appeal of the Chamber of Commerce and all other organizations interested in seeing the bonds carried by a large majority.

In brief, here's the issue:

Purpose—New High school buildings.

Cost—$600,000.

Necessity—Present facilities totally inadequate.

Voting places:

All north of central line of Doran street—Central Avenue school.

All south of central line of Doran street and north of central line of Windsor road—High school building, household arts building.

All south of central line of Windsor road—Cerritos school.

Eagle Rock—Eagle Rock Central school.

Tujunga—Tujunga school.

La Crescenta — At La Crescenta school.

Monte Vista—Monte Vista school.

Voting Hours—8 a. m. to 6 p. m. All those IN LINE at 6 p. m. will be eligible to vote.

Early Improvements On Brand to Follow Parley of Officials

D. W. Pontius, general manager of the Pacific Electric, accompanied by Frank Karr, counsel and vice-president, this morning conferred with Mayor Spencer Robinson, Councilmen C. E. Kimlin and S. A. Davis and City Manager W. H. Reeves on the subject of the lowering the tracks on Brand boulevard from Colorado street south.

While no decision was announced, it is stated on good authority that the results were very satisfactory which indicates an early improvement of the boulevard. However, there are said to be details for the city to work out before any announcement can be made.

Investigation of Klan Is Being Continued

LOS ANGELES, May 1.—Several important developments marked today's investigation by Southern California authorities into the circumstances surrounding outrages of which the Ku Klux Klan is suspected.

First, deputy sheriffs here today completed serving summons on the list of thirty persons who will make up the 1922 grand jury which will convene Thursday for an investigation of the alleged connection of the Ku Klux Klan with the Inglewood raid in which one man was killed and two wounded on April 22.

Second, final preparations were made at Bakersfield for the launching tomorrow of a grand jury investigation of the Ku Klux Klan's alleged activities in that vicinity.

Third, J. J. Pyles, head of the Pyles Detective Agency of Bakersfield, who was ordered to leave his home town by midnight last night under threat of death, declared today that he will not listen to the demands of the threateners.

Speedy developments were predicted today at Fresno following the return to that city from Los Angeles of District Attorney Gearhart.

Lights Stab Darkness; This Is Brightest Spot

Did you see searchlights flashing last night?

Well, they're atop the T. D. & L. theatre, Manager Ralph Allan revealed this morning.

They penetrate 500 feet straight up or 2,000 feet diagonally through the atmosphere, and it is stated they can be seen in Burbank, Eagle Rock and parts of Los Angeles.

Now, this is the reason they have been installed, according to Mr. Allan:

"Glendale is the brightest spot on the map today. To do what I could to tell the world about it, I placed the lights on the highest part of the playhouse.

"Of course, the lights also are publicity for the theatre, but good business with us helps keep Glendale the brightest spot. So, when you see them, you'll know what it is all about.

"Maybe the searchlights will help me "Find the Woman" in the crowds next Friday and Saturday," he concludes.

Which shows he's a good publicity man.

Mr. and Mrs. Esterly Hosts at Dinner Party

Mr. and Mrs. A. J. Esterly of 545 North Adams street entertained as their guests at a dinner party last night Mr. and Mrs. Donald Magill. The occasion was in celebration of the birthday anniversary of Mrs. Magill, whose birthday is today, and of Mrs. Esterly, whose birthday is tomorrow. Later in the evening other guests arrived and assisted in the celebration by having a pleasant social time.

ASKS FOR POLICE PROBE

J. S. Hayward, 428 West Lexington Drive, has requested the police department to investigate the poisoning of his dog.

GLENDALE PUT IN MILLION DOLLAR CLASS, BELIEF

April Blanks Are Reserved for Several Builders to Get in Plans for Total

Glendale's building permits for the month of April, when finally totaled, are expected to easily top the million mark set by the Chamber of Commerce and Building Superintendent E. G. Spaulding.

Late Saturday afternoon, architects and builders telephoned the building department in the city hall it would be impossible for them to rush their plans to Mr. Spaulding's office, but they wanted them included in the total.

So it is that permit blanks with April dates have been reserved for these builders and this will put the million dollar record across.

Some Late Contributors

Among the contributing factors to this remarkable record at the last moment are May & Hellman, the R. L. Kent company, A. T. Gray, the Presbyterian church and others.

It was predicted this morning that two more "million dollar months" are assured this year, provided the high school bonds carry tomorrow. This will give about $500,000 to some month this fall while the $300,000 Glendale Sanitarium building also is going ahead.

City Manager W. H. Reeves was instrumental in making the April record possible by instructing M. Spaulding to include all buildings for which permits were reserved.

Local Elks Take Part In Oxnard's New Lodge

Exalted Ruler Arthur H. Dibbern of Glendale Lodge of Elks No. 1289 and Past Exalted Ruler Alfred Priest, accompanied by thirty-five members of the local antlered herd motored to Oxnard early Saturday morning to attend the institution of a new Elks' lodge in that city. The town had been beautifully decorated in celebration of the occasion, according to those who attended.

A big parade was the chief attraction of interest in the morning, many of the features of which were reminiscent of the early days of Oxnard. There were several bands and the parade proved to be quite an event. The entire plant of the American Sugar Refining company was thrown open to the Elks. At noon a barbecue was served there. Part of the plant had been prepared for the occasion and it was there that the lodge ceremonies took place. In the afternoon a midway on the grounds of this plant provided a great deal of amusement.

As grand officers Mr. Priest and Mr. Dibbern, as grand trustee and grand tiler, respectively, took part in the instituting of the new lodge, which has a membership of 375. Of this number 175 were taken in by demit and about 200 were initiated Saturday night.

Mr. and Mrs. Strong On Journey to East

Mr. and Mrs. J. W. Strong of 241 North Maryland avenue are leaving tomorrow for a six months' visit in the east. They will stop at Denver and other cities en route to New York. Mr. and Mrs. Strong have leased their home to R. L. Chaney of Alhambra. Mr. Strong has ordered The Glendale Evening News to be sent to him while he is in the east, in order that he will know Glendale when he returns, he states.

Irving Hanger Buys 42 Lots for $24,000

Irving Hanger of 337 Ivy street, Glendale, has purchased forty-two lots on Kewen street in San Fernando for a consideration of more than $24,000, according to an announceement made by the Fitz Investment company, of which E. O. Fitz is the head. The new owner will start a building campaign at once, having three and four-room bungalows in mind for each lot which will be sold on the installment plan.

C. C. C. CLASS HOSTESS

The girls of the C. C. C. class of the First Methodist church entertained the members of the high school department at a social evening Saturday at the home of Miss Agnes Caldwell, 326 West Wilson avenue. Mrs. S. E. Logi, their teacher, was also present. Games were played and prizes were awarded to Marian Grey, Esther Jones and Dick Fisher.

G. U. MOYSE TO RETURN

George U. Moyse, principal of Glendale Union High school, is expected back this afternoon from the Knights Templar Conclave last week in New Orleans.

ENTERTAINED AT DINNER

Mr. and Mrs. A. G. Olisher of 441 West Milford street and Mr. and Mrs. I. L. Parson of 134 North Louise street were luncheon guests yesterday of Mr. and Mrs. F. L. Wood of Los Angeles.

WEDDING CEREMONY TAKES PLACE IN FLOWER GARDEN

Miss Helen Lucile Riddle and Derrick Paine Are Married On Sunday Afternoon

A very beautiful wedding took place at 3:30 o'clock yesterday afternoon, Sunday, April 30, 1922, in the garden of the home of Mr. and Mrs. Herman Paine, 339 North Maryland avenue, when Miss Helen Lucile Riddle of Los Angeles, daughter of Mrs. Ethel Riddle, became the bride of their son, Derrick Paine.

The orange and other fruit trees in blossom made a most appropriate background for the occasion. Bouquets of lavendar and pink flowers with bows of crepe paper in colors corresponding were tied to posts on either side of a long strip of green velvet carpet, and from each post to the next were draped garlands of ferns, marking the aisle down which the bridal party marched. A screen of greenery had been arranged under one of the blossoming fruit trees, making a sort of alcove in which the wedding party stood during the ceremony.

Preceding the wedding Miss Maxine Alexandria of Los Angeles gave a very delightful whistling solo of Cadman's "At Dawning," accompanied at the piano by Mrs. Quinby of Los Angeles, who also played the wedding march from "Lohengrin." There were about 100 intimate friends and relatives present at the ceremony. Rev. Kendrick of Long Beach, an old friend of the Riddle family, officiated, the double ring service being used.

Gown of White Satin

The bride was attired in a gown of white satin, with silk net wedding veil, caught with orange blossoms. She was given in marriage by her uncle, F. Larrieu of Los Angeles. Her shower bouquet was of bride's roses and lilies of the valley. Miss Ruth Myers of Los Angeles was maid of honor, wearing a dainty frock of pink organdie. Miss Edith Monroe and Miss Marguerite Williams, both of Los Angeles, were the bridesmaids, wearing organdie frocks in lavendar and green and carrying mixed bouquets of sweet peas, as did also the maid of honor. Herman Paine, Jr., brother of the bridegroom, acted as best man.

Following the wedding ceremony a reception was held and refreshments of ice-cream and bride's cake were served. At 7 o'clock in the evening a dinner was served to the immediate relatives.

Mr. and Mrs. Derrick Paine left on a honeymoon trip to San Diego. Upon their return they will be at home at 1263-A South Brand boulevard. Mr. Paine is associated in business with his father, Herman Paine, at the Southern California Box company. He has resided in Glendale eleven years and attended Glendale Union high school.

Earthquake Expert to Address Tuesday Club

Professor H. W. Fairbanks, Ph. D., who traveled over 400 miles on foot in the mountains of California and found the Pacific coast "fault" and also predicted the San Francisco earthquake, will be the speaker at the open forum meeting at Masonic Temple tomorrow afternoon of the Tuesday Afternoon club, to which a general invitation has been extended to the public to attend.

Professor Fairbanks is the winner of the world prize as being the best authority on physical geography, in competition with all of the famous geographers of the world, according to Mrs. C. E. Hutchinson, president of the club.

Music Club Officers Invited to Pageant

The officers of the Glendale Music club, of which Mrs. Mattison B. Jones is president, are in receipt of a letter from Mrs. J. Spencer Kelly of the Matinee Musical club of Los Angeles inviting the members of the Glendale club to attend a pageant to be given at Ebell club Thursday. The program will be at 2:30 o'clock and tea at 4 o'clock. It is anticipated that the Glendale organization will be well represented at this program.

TO REFORT ON LIGHTS

A meeting of the San Fernando Boulevard Improvement association will be held at W. Griffin's Plumbing Shop at 806 South San Fernando Road tomorrow night, at which time reports will be made relative to the proposed system of street lights for San Fernando Road. The meeting will be at 7:30 o'clock.

AUTO DAMAGED BY TRUCK

Kenneth D. Small, 326 West Cerritos avenue, reports that a truck backed into his Ford touring car at Los Feliz and San Fernando Roads yesterday afternoon damaging the left front fender and right headlight.

G. W. FISK WILL BUILD

G. W. Fisk of Venice, who recently purchased a lot on San Fernando Road near Brand boulevard, is building a garage and expects to begin the erection at once of a home.

Today's World News In Brief

(By International News Service to Glendale Evening News)

HARDING APPROVES OF AID TO SOUTHERN STATES

WASHINGTON, May 1.—President Harding today gave his approval to an appropriation of $200,000 to aid various southern states in preventing breaking of levees along the Mississippi river. The appropriation is to be used on levees not under the supervision of the Mississippi river commission.

MAJOR GENERAL M'ANDREWS OF U. S. ARMY IS DEAD

SCRANTON, Pa., May 1.—Major General James F. McAndrew, former head of the general staff college of the United States army, died in Washington early today according to telegrams received here by relatives. McAndrew was a native of Hawley, Pa., and had been ill for nearly two years.

GERMANY TO SIGN TREATY WITH UKRAINE, REPORTED

PARIS, May 1.—Germany will sign a treaty with Ukraine similar to that she signed with soviet Russia at Genoa, according to a Genoa dispatch to L'Information today. President Rakovsky, president of the Ukrainian soviet is a member of the Russian delegation at the Genoa conference and on several occasions has acted as spokesman for the Russians.

ATTEMPT WILL BE MADE TO JUSTIFY OIL LEASING

WASHINGTON, May 1.—The interior department is assembling a mass of data by which it expects to justify the leasing of the California and Wyoming naval oil reserves to private interests, it was stated officially today following a protracted conference between Senator Smoot, republican, of Utah, chairman of the senate public lands committee, and First Assistant Secretary of the Interior Edward C. Finney.

TWO OF LARGEST BANKS IN S. F. WILL CONSOLIDATE

SAN FRANCISCO, May 1.—A consolidation of two of the largest banks in San Francisco is being negotiated, it became known today. A consolidation is to be effected, if the negotiations culminate successfully, which will merge the First National bank and its subsidiary, the First Federal Trust company, with the Crocker National bank. Total resources approximating $100,000,000 will be combined in the merger.

OIL TANKER ON ROCKS; ALL MEMBERS OF CREW SAVED

SAN FRANCISCO, May 1.—All hands on board the Union Oil tank Whittier, which went on the rocks ten miles south of Point Arena early today were saved. The vessel, of 1600 tons, valued at $150,000, is a total loss, according to word received at the office of the Union Oil company here today. The crew reached land in small boats the advices stated. The crew numbered twenty-six men. The vessel was fully insured.

LLOYD GEORGE HAS HOPEFUL ATTITUDE ON PARLEY

LONDON, May 1.—Despite discord and delays, Premier Lloyd George is optimistic that the final results of the Genoa economic conference will mark a decisive forward step in putting all Europe on her feet and in allaying the international dissensions that threaten new conflicts. The premier's hopeful attitude was revealed in a message received from him today by Austen Chamberlain, government leader in the house of commons.

FIVE KILLED, MANY HURT AS RESULT OF EXPLOSION

KANSAS CITY, Mo., May 1.—Five negroes were killed outright and more than 50 persons were hurt early today when an explosion wrecked a rooming house. The shock of the blast was felt for blocks and windows were shattered in nearby buildings. The rooming house was destroyed by fire which followed the explosion. An accumulation of gas from a leaky pipe in the cellar was believed to have been the cause of the blast. Those who lost their lives were injured in the explosion and were burned in the fire which swept the frame structure and reduced it to hot embers in twenty minutes.

SAYS ANOTHER U. S. WARSHIP IS NEEDED AT CHINA

WASHINGTON, May 1.—Jacob Gould Scherman, the American minister to China, has recommended to Admiral Straus that another battleship be rushed to Tien Tsin because large American interests there are endangered by the warfare between General Chang Tos-Lin and General Wu Pei Fu, the state department was advised today in a cable dispatch from the American legation at Peking. It was stated at the navy department that no request for an additional warship had been received here and that Admiral Straus had full authority to take any steps he deemed necessary to protect American interests.

NO 'RED' CELEBRATIONS HELD IN UNITED STATES

WASHINGTON, May 1.—The United States government saw no "red" May day celebrations today. All hints of "bomb plots" were scouted by Attorney General Daugherty and other officials of the department of justice were of the opinion that the day would pass uneventful and without disorders. Reports to the department of justice indicated that although the country is seriously disturbed with strike troubles, the labor disputes are taking a peaceful course. Unlike other May days for several years past, members of the cabinet and other high government officials were without mailed threats of personal violence.

LITTLE CHANCE OF EARLY PEACE IN IRELAND, IS CLAIM

LONDON, May 1.—Following a night of sporadic firing in the Dublin streets, the Irish labor party today resumed its efforts to bring about peace, but advices from Dublin indicated that there was little chance of early success. The chief aim of the Irish laborites is to curb the growing power of the military factions and to put the free state under full control of civilian authority. If the laborites are successful, a state council eventually will be constituted to control military matters. The prediction is made in some quarters that peace eventually will be established in Ireland by strength of British arms if the moderates and laborites fail to bring about an agreement.

SEEK IDENTITY OF TRIO WHO ATTACKED MINISTER

LAWTON, Okla., May 1.—Authorities today were endeavoring to trace the identity of three men who early yesterday attacked the Rev. Thomas J. Irwin and left him bound hand and foot near the gates of Medicine Park, twelve miles from this city. The Rev. Irwin, pastor of the First Presbyterian church, who has been the center of a bitter church feud, was still in a nervous condition today and was unable to give a clear story of the kidnaping and slugging. He said he was seized by the men as he was returning from calling on a parishioner, placed in a closed automobile, beaten and finally thrown out of the car. He was unable to give a description of his assailants who were not masked.

OKLAHOMA-TEXAS DISPUTE IS FINALLY DECIDED, CLAIM

WASHINGTON, May 1.—The United States supreme court today decided the long standing dispute between the states of Oklahoma and Texas over the ownership of the bed of the Red river by declaring that the bed belonged to the federal government. The river is the boundary line between the two states for more than 500 miles. The river bed is valuable because of oil discovered under it, and it has been claimed by Oklahoma on the ground that the river was a navigable stream. The court held that the river is non-navigable along its known oil stretches, thereby denying Oklahoma's contention. Oklahoma, however, was granted riparian right to the middle of the stream, and the claim of Texas to any part of the river was denied.

LOCAL POSTOFFICE WILL ENTERTAIN FOR VISITORS

All of Glendale Is Invited to Call, See Exhibits, Criticise, and Have Refreshments

Educational as well as entertaining, Postal Improvement Week was ushered into the Glendale postoffice this morning in a manner most fitting, as any visitor will appreciate.

With flags flying in the streets in front of Uncle Sam's establishment at 124-126 North Brand boulevard, the exterior and interior of the building are beautifully decorated with the stars and stripes suitably draped around the walls.

The different divisions of the work are explained by exhibits and in person—those clerks who are off duty coming around to tell the visitors what it is all about in order that the service may be maintained as regular.

Exhibits of Interest

One exhibit in particular shows the various cities the mail sorters have to work to, such as Omaha, Chicago, Los Angeles, etc. A map shows the local carriers' assignments while the C. O. D., registry, general delivery, money order and other divisions are represented.

In the mailing division the cancelling machine at once impresses the visitor with its efficiency, for as many as 36,000 letters, cards, etc., can be cared for in one hour's running time. The record for a day here is 53,000 pieces.

Whenever there are bulky enclosures in envelopes which will not go through the machine, the clerk in charge must take them out and cancel the "cripple" by hand. Attention is called to the fact that there are two chutes for mail in the lobby, one for local dispatch and the other for foreign, including Los Angeles and all state and out-of-state points. Care on the part of the patrons will facilitate the work of the clerk, who must get them in the correct packets.

Music and Refreshments

There is so much to be told about the postoffice and its work that a visit is the best way to obtain a complete idea. And there are in-

(Continued on Page 12)

Speed of Ambulance Saves This Man's Life

The speed with which the ambulance of Pulliam & Kiefer answered an emergency call yesterday afternoon from the Southern Pacific tracks at Brand boulevard is credited with helping to save the life of Tony Marquette, of no address in particular, who got tired of being sick and attempted to end his life by slashing his throat with a razor. He was rushed to the Glendale Sanitarium and Hospital, where he was given first aid treatment, and then was taken to the county hospital.

Jack Thomas In Fast Ride to Get New Chef

Railroad schedules are rather uncertain, according to Jack Thomas of Ye White Inn, which will have its formal opening at 6 o'clock tonight. In order that there might be no hitch in the program, Mr. Thomas motored seventy miles last night to Lebec to bring back with him the establishment's new chef, who will be the czar of the kitchen.

Light Meters Total 7,853, Is Announced

W. F. McIntyre, commercial agent of the public service department, this morning reported the installation of 106 water meters during the month of April, bringing the total in use now to 6,563, and 139 light meters, bringing their total to 7,853.

U. S. RECOGNIZE EGYPT

WASHINGTON, May 1.—The United States has extended recognition of the new government of Egypt subject to the continuance of American rights in that country, it was officially announced at the state department today.

This means that the United States will not surrender the extra-territorial rights which have been enjoyed for many years. The Egyptian government has accepted the recognition under the American terms.

R. T. W. CLASS WILL MEET

The regular meeting of the members of the R. T. W. class of the First Baptist church will be held at the home of Mrs. Mildred Barnes, 1311 North Brand boulevard, tomorrow afternoon at 2:30 o'clock. A short program has been planned for that time. Members and friends of the class have been invited to attend.

MRS. HAYWARD IS BETTER

The friends of Mrs. E. W. W. Hayward of 307 North Kenwood street, who has been quite seriously ill at her home for several weeks, following an attack of influenza, will be pleased to learn that she is out of danger, although still under the care of a nurse, and will soon be able to see her friends.

FORMAL OPENING OF NEW INN TAKES PLACE TONIGHT

Mr. and Mrs. Jack Thomas and O. B. Tewes to Greet Their Friends at 223 S. Brand

Ye White Inn, 223 South Brand boulevard, at 6 o'clock tonight will have its formal opening.

Mr. and Mrs. Jack Thomas, who are well known in Glendale because of their business experience, until recently at 637 East Broadway in the White Inn, will be on hand to greet their many friends. O. B. Tewes of 441 West Windsor Road, who will operate the cafeteria with Mrs. Thomas, will be present to make new friends.

A special menu for the occasion has been prepared and has met the approval of all who have been let into its secrets—except the spring chickens, who will be "it." This will be preceded by an entree of fillet of white fish a la Morney. Vegetables will be potatoes rissole and new peas in butter. The meal will start with a fruit cocktail and end with ice-cream, petit fours and a demi-tasse.

Reservations Being Made

Reservations for this dinner are still being received this afternoon over the phone at Glendale 150-W. The charge of $1.50 a plate is considered very reasonable by Glendale epicures.

Cafeteria service at Ye White Inn will commence tomorrow and will continue indefinitely. Breakfast will be served from 6 to 10; lunch from 11 to 2, and dinner from 5 to 8 o'clock. When arrangements have been completed afternoon tea will be "poured" in the afternoon.

The main dining room occupies about 2240 square feet and will accommodate between forty and fifty tables. The distance from the front windows to the kitchen wall is 85 feet, but from this must be subtracted the lobby in front and the counter space in the rear. The room is 32 feet wide.

Light, Airy, Clean

Features of the establishment are the ease with which it may be kept spotless on account of the cement floor, the plentiful supply of light from the large plate-glass windows in front and the refreshing ventilation possible with the high ceiling.

The interior finish of the dining room is cream yellow plaster set off by ivory woodwork. This color scheme is further carried out by the use of cream-colored chairs and ivory-colored tables.

The kitchen is particularly commodious, well-ventilated and efficiently arranged. Mr. Tewes, who has had many years' experience as a dining car conductor and knows how a meal should be prepared in a limited space, nevertheless takes great pride in the spaciousness of the kitchen.

Adjoining the kitchen to the rear is a large, cement-floored porch which will be screened in and used for storage purposes.

Rest rooms for men and women have been installed on the north side of the main dining room.

Prepare Banquet Room

A banquet room, 36 by 16 feet in size, is entered to the north of the main dining room through broad French doors. This is being fitted up for the lunches of community associations which are familiar with the quality of food served at The White Inn.

The "inn" upstairs, which is to be operated as a hotel, is now ready for occupation. It consists of five two-room suites divided by private baths and twelve single rooms. The plaster walls are yellow cream color and the woodwork and doors are ivory color. The floors are hardwood throughout. Each room has running hot and cold water, a gas radiator, a spacious closet, and attractive electric fixtures. As all of the rooms are connected directly with the great outdoors, which is promoted so liberally by California boosters, especially selected curtains hang at each of the many windows.

Rooms Are Inviting

Each room has been invitingly equipped with furniture. Some suites are walnut, some golden oak, some mahogany and others bird's eye maple. The carpets are harmonious.

The entrance to the hotel is by a staircase from Brand boulevard at the south side of the building. At the top of this is a space which is being fitted up as a lobby.

Mr. and Mrs. Jack Thomas have reserved one of the suites for themselves. From the comments of those who have inspected the premises they anticipate no difficulty in keeping full Ye White Inn.

MOVIE STAR SEES HARDING

WASHINGTON, May 1. — Wesley Barry, fourteen-year-old movie star, has found out that there is a lot of difference between "doing his stuff" for the cameras and speaking a piece for the president of the United States. Wesley called at the White House with Senator Shortridge to invite President Harding to California. He sailed into his prepared invitation address without hesitation, but got half way through, gulped and admitted that he had forgotten the rest.

"Excuse me, Mr. President," he said. "I'll have to start all over again." Then he did, getting through safely on the second attempt.

AUDITOR GIVEN DISCHARGE

WASHINGTON, May 1.—Chairman Lasker of the shipping board has announced that he had discharged Stilus E. Dodge of Cleveland, a traveling auditor for the board, for "insubordination" in refusing to appear before the claims commission to submit evidence to back upon his charges of irregularities in the settlement of claims against the board.

HERE IS LIST OF PERMITS FOR THE MONTH OF APRIL

Books in the building department at the city hall showed Saturday afternoon $942,699 was to the credit of the month of April and $2,397,809 registered to the account of 1922. Other permits reserved by builders will add to the month's total, it is stated:

Among the permits filed last month were the following:

Presbyterian Church, Harvard and Louise Sts. $150,000
Board of trustees, school building, Park and Glendale avenues 70,000
Monarch Auto Supply Co., store building, 200 South Brand boulevard 50,000
G. W. Ramsey, 22 apartments, 119 North Kenwood street 32,500
Glendale School District, public school, Grandview 32,000
George R. Bradbury, 7 bungalow apartments, 740 S. Glendale Ave. 25,000
Rommel Construction Co., store building, 600 North Brand boulevard 25,000
Glendale School Board, Columbus and Doran 19,806
City of Glendale, swimming pool, Patterson Park 13,600

AVIATORS ARE 'RESCUED'

WASHINGTON, May 1.—Scores of naval reserve aviators, who formed the "backbone" of the navy's air forces ever since the war, will be retained in the regular navy by congressional action, it was learned.

The reserve birdmen now face loss of rank and dismissal from the service because of failures in "routine" examinations. Their plight, discovered by Senator Walsh, Democrat, of Massachusetts, led to a senate investigation which, it was said, will result in action to transfer the reserves into the navy's regular service at their old ranks.

ADVENTIST ACADEMY COMMENCEMENT IS OBSERVED

Class Night Program on May 2 and Graduation Exercises on Night of May 4

The first year's work of the Seventh-day Adventist academy, located at Isabel and California streets, is being completed this week. The first service was held April 29, when Pastor J. E. Fulton, president of the Pacific Union conference, delivered the baccalaureate sermon. His theme was "Heart Culture," a sermon of helpful counsel to the students and patrons of the school.

On Tuesday night, May 2, the seniors will give their class night program. The commencement exercises will be given on Thursday night, May 4. Elder Phillip Knox will deliver the address of the evening. To both of these services the friends of the school are cordially invited.

Five Are Graduated

The academy graduates five promising young people in its first class. The prospects for a much larger class next year are excellent, the present junior class numbering more than twenty. The growth of the school is very gratifying to the parents and patrons, who are encouraged to give stronger support as they see the good work accomplished.

On Saturday night the members of Miss Lola Preston's expression class gave a spring program in the academy assembly room. Every available space was filled by an appreciative audience. The program of songs by the Lyric club, readings, and instrumental selections by the members of the class, was well given and enthusiastically received by those present.

Hears Voice Through Her Fingers, Is Claim

CHICAGO, May 1. — Lacking eyes that see and ears that hear, Willeta Huggins, 17, an inmate of the Wisconsin School for the Blind at Janesville, yet can hear and see through her nose and her finger tips. She demonstrated her almost supernatural powers before 500 physicians attending a meeting of the Chicago Medical society.

By placing her hand on the wrist, chest or head of another person Miss Huggins can tell exactly what that person is saying and carry on an intelligent conversation. Once she "hears" a voice through her fingers she does not forget it. By holding her fingers over the receiver she can carry on a conversation by telephone.

Through her finger tips she "read" the headlines of a newspaper and by rubbing her nose over a page she told how many persons were in a photograph.

Miss Huggins told the colors of skeins of silk, the shades of hats handed up by women in the audience and denominations of paper money. "It just smells different" was her explanation.

FAVORS NATIONAL PARK

WASHINGTON, May 1. — The senate committee on public lands has approved a bill authorizing the secretary of the interior to dedicate a public tract in Riverside county as a national park.

STATE MEETING OF CLUBS TO OPEN ON WEDNESDAY

Glendale to Have Delegation in Attendance at Large Convention in L. A.

The State Convention of the California Federation of Women's clubs, of which Mrs. William A. Fitzgerald is state president, will be officially opened Wednesday morning in Bovard auditorium, University of Southern California, Los Angeles, with Glendale well represented by delegates from the Tuesday Afternoon club and the Thursday Afternoon club. The convention will continue until Saturday morning. In addition to the delegates many of the clubwomen of Glendale are planning to attend the convention.

The program of the convention for Wednesday morning includes reports of committees and officers and an address on "American Citizenship," by Dr. Rufus B. Von Kleinsmid, president of the University of Southern California. The afternoon program at Bovard hall, beginning at 2:15 o'clock, includes reports of standing committees, radio recital presented by South Side Ebell, an address on "The Women's Light and Power Company" by Mrs. Robert J. Burdette, who is general federation director for California. This will be followed by a discussion on financing the federation, led by Mrs. E. D. Knight, chairman business committee.

At 4:30 o'clock at the Ebell clubhouse, 1719 South Figueroa street, tea will be served by Ebell to officers, delegates and visiting clubwomen. Mrs. Charles H. Toll of Glendale is president of that club. On Wednesday night at 8 o'clock there will be an open reception and musical at the Women's Club of Hollywood, 7078 Hollywood boulevard.

TRIES TO BURN HIS WIFE?

SAN FRANCISCO, May 1.—Alleged to have attempted to take the life of his wife by burning down the home of her sister, where she was staying preparatory to going into the divorce courts to press suit for divorce, Elmer Evans, 39, publisher of a railroad clerks' magazine, was arrested.

The police say two other fires of mysterious origin have been started at homes where Mrs. Evans was staying. The blaze at the home of Lilian Wright was started with kerosene and newspapers, according to firemen who extinguished it. Three children were asleep at the Wright home. A man was noted running away from the house about the time the fire was discovered, police learned.

HELD BY FORCE, CLAIM

CHARLESTON, W. Va., May 1. —Armed men prevented the miners' army from dispersing at Marmet, W. Va., August 24, 1921, after Mother Jones, aged labor leader, had appealed to them to go home, according to evidence given at the trial of William Blizzard, charged with treason against the state here. J. F. Stewart, a member of Dry Branch local, United Mine Workers of America, the first witness for the state, made this statement on direct examination.

Quoth the Fairy

"Never marry a sore footed man."

You can't expect men who are tortured from throbbing bunions, aching corns, chronic calluses to be good fellows.

Fairyfoot overcomes these troubles with lightning like rapidity.

Unless the Fairy makes yours vanish almost instantly, it won't cost you even one penny.

"AT 75—NEW LEASE OF LIFE BY INTERNAL BATHS"

Mr. E. Shain of Santa Cruz, Cal., writes to the Tyrrell Hygienic Institute of New York, as follows:

"My wife and I will be 75 years young next Birthday and consider that the 'J. B. L. Cascade' has given us a new lease of life, for we now enjoy the best of health. We were going down hill fast, but the Cascade has given us such health as we have not enjoyed in years."

The "J. B. L. Cascade" cleanses the lower intestine its entire length and keeps it always free of poisonous matter.

Thousands testify that Constipation, Indigestion, Stomach Troubles, Biliousness and all the many serious troubles which they cause are absolutely relieved and prevented by this Nature Treatment.

ROBERTS & ECHOLS
102 East Broadway

will gladly explain to you the simple operation of the "J. B. L. Cascade," why it is so certain in its results, and will give you free of cost, an interesting little book containing the results of the experiences of Dr. Chas. A. Tyrrell of New York, who was a specialist on Intestinal Complaints for 25 years in that city. Why not cut this out as a reminder to get this book as soon as possible. Remember, please, it is free.

HEALTH-AGAIN TALKS

By Dr. Otey

You must be healthy and strong if courage is to rise with danger. Unless you want your body and your brain distorted and stunted, they must be well nourished and exercised. Life is a hard and bitter warfare. Everywhere you go an enemy confronts you. If you cannot think quickly and act vigorously and boldly, you will not be victorious when pitted against men (and women) who think quickly and accurately and act like tigers (in business, in social, in political, and in love affairs).

The world is to the strong—"The meek may inherit the earth," but they will never get it any other way.

The reason why millions sink down under the stress of modern strife is because they lack strong minds and strong bodies.

When the crises come they wilt and fail.

Nature's smile is only for the courageous, the strong, the beautiful and the all-daring.

Don't submit your neck to the yoke of a menial position in life. Let Osteopathy (that is a little out of the ordinary) build you up to 100 per cent efficiency, mental and physical, where success is assured.

Otey System
of Kirksville Osteopathy

Locals and Personals

Miss Grace Osborn of 406 West Wilson avenue was a guest for the past week of her sister, Mrs. E. R. Furstenfeld, at Van Nuys.

Mr. and Mrs. W. H. Robinson and family of 324 West Lexington Drive were dinner guests Sunday of Mrs. Robinson's parents, Mr. and Mrs. Lewis Marshall at Monterey Park.

The members of the parliamentary law section of the Tuesday Afternoon club of which Mrs. Harry Greenwalt is curator, will meet Wednesday afternoon at the home of Mrs. C. A. Redmond, 331 West Harvard street.

Mrs. R. R. Stubbs of 408 Arden avenue has had as her guests for the past week, her aunt, Mrs. Elizabeth McFarland and daughter, Mrs. Frank Mains of Woodlake.

W. W. Stofft and son Frederick of 459 West Stocker street, R. C. Gaede of 324 West Cerritos avenue and Los Angeles friends left Saturday afternoon on a fishing trip to the Big Sespe. They will return Tuesday.

Mr. and Mrs. E. Schuyler and son Hoyt, of 330 Ivy street, enjoyed a motor trip over the week-end to San Diego. They were accompanied by Mrs. S. R. Frazee and son Robert, and were guests at San Diego of Mr. Frazee and daughter, Margaret. Mrs. Frazee is planning to move there at the close of the school year.

Mr. and Mrs. J. W. Graham of 639 North Jackson street entertained with a family dinner party at their home yesterday in celebration of the birthday anniversary of three generations. The dinner party was in honor of Mr. Graham, his daughter, Mrs. J. H. Orth of 153 South Central avenue, and granddaughter, Miss Marcella Orth.

J. A. Glespi, a shoe merchant of Greeley, Colo., is now in Glendale visiting his brother-in-law, A. W. Reynolds, 312½ North Orange street. It is understood that Mr. Glespi "likes the looks" of Glendale very much and is considering locating here. And if he does stay here permanently, he will more than likely go in the shoe business, said his brother-in-law.

Mr. and Mrs. A. D. Levell of 213 West Chestnut street have bought a new home at 508 West Myrtle street and will take possession about July 1. Mr. Levell is secretary of the Henry-Brown Company, Inc., 602 East Wilson avenue. The sale was made by R. N. Greenlaw of the Glendale Realty Company, 131 South Brand boulevard. Mrs. Levell especially is delighted with the prospect of moving into the new home.

W. E. Mercer and family, 624 East Broadway returned Saturday from a two-weeks' visit with Mr. Mercer's brother, John Mercer, in the San Joaquin valley. Mr. Mercer reports the conditions in the valley as being prosperous. A. W. Reynolds, who has been taking care of Mr. Mercer's real estate business while he was on the trip, said that business has been very good and the outlook is splendid for the summer.

B. Chapel, formerly of Wisconsin and who has been spending the winter with his brother in Gilroy, has purchased a home in Glendale at 1000 East Orange Grove avenue. Mr. Chapel has been looking around various towns in southern California during the winter and Glendale is his choice. The sale was made through W. E. Mercer, real estate dealer, with offices at 624 East Broadway.

R. J. Calhoun and family, formerly of Winnipeg, arrived in southern California two weeks ago. Mr. Calhoun came to Glendale to visit some friends, decided to stay here and within twenty-four hours had secured a home on West Windsor Road. Mr. Calhoun has been a life long friend of Fred Heal, real estate dealer with offices at Broadway and Glendale avenue. He was in the real estate business in the Canadian town and will be associated with Mr. Heal in that business here, announced Mr. Heal.

Additional committees have been announced to look after various sections of the plans and preparations under way by the local Women's Christian Temperance union, of which Mrs. Ruby J. Smart is president, for the state W. C. T. U. convention to be held at the First Methodist church, Glendale, the last week in May. Committees which have been appointed since the meeting of the local chapter on Friday include courtesy, Mrs. Edith Dockeray, Mrs. Elizabeth Hall and Mrs. L. M. Warner; church hostesses, Mrs. C. W. Spickerman, Mrs. Emma Wright, Mrs. C. W. Ingledue and Mrs. Blanche Geiger; rest room, Mrs. L. E. Brown.

Locals and Personals

E. L. McKay of Hawthorne spent the past week-end with friends and relatives in this city.

Mr. and Mrs. J. H. Searles of 643 North Maryland avenue moved Saturday to 1248 South Boynton street.

Mr. and Mrs. V. M. Tresslar and son William of 320 West Lexington Drive spent Sunday at their ranch in La Habra.

Theodore Peirce of 317 West Vine street returned Saturday morning from a three days' business trip to San Francisco.

Mr. and Mrs. S. L. Manson of 1010 North Pacific avenue enjoyed a theatre party with a group of Los Angeles friends on Saturday night.

Mr. and Mrs. J. F. Swisher and niece, Miss Maude Gammill, of 336 North Orange street, motored to San Fernando on Sunday.

H. T. Wright of 514 East Harvard street motored to Alhambra on Friday night, where he was the guest of friends.

Mrs. Hattie E. Gaylord of 1218 Stanley avenue spent several days last week visiting with friends and former neighbors in Pasadena.

R. K. Snow of 609 North Maryland avenue enjoyed a fishing trip over the week-end to Camp Rincon in the San Gabriel canyon.

R. N. Jamieson of Salt Lake City spent the week-end with Glendale friends. Mr. Jamieson is enjoying a several weeks' vacation with Los Angeles relatives.

Mr. and Mrs. A. A. Barton of 920 East Mountain street returned Sunday night from a three days' motor trip to Bakersfield and vicinity.

Mr. and Mrs. A. J. Oglesby of 106-A East Broadway are leaving for a month's sojourn in the bay cities. They formerly operated the Pullman cafe at 111 West Broadway.

Mr. and Mrs. Henry S. Knowles, two sons, Fred and Glenn, and Mrs. R. B. Ellis of Long Beach, were calling on friends in Glendale Sunday afternoon.

Mr. and Mrs. M. E. Plasterer of 409 North Kenwood street entertained as their guests at dinner Saturday night, Mr. and Mrs. F. K. Schreiber and daughter Gertrude of Los Angeles.

Mrs. E. J. Campbell, who has been her guest for the winter, and her sister, Mrs. Lorenzo Judd of San Diego. They will spend two weeks in the north, and attend some of the sessions of the convention of the State Federation of Music clubs.

Thomas I. Phillips, former resident of East Harvard street, this city, was recently in Glendale visiting with friends and former neighbors. Mr. Phillips, who is employed by a Los Angeles wholesale concern, is now living with his parents in West Hollywood.

The regular weekly meeting of the Glendale lodge of Elks will take place tonight at the clubhouse on Colorado boulevard, the principal business of which will be the completing of arrangements for the annual spring Jinx, which will take place on Thursday night of this week.

A panorama of the Grand Canyon has been presented to the Chamber of Commerce by Councilman A. H. Lapham of 415 West Broadway. This picture, which cost several hundred dollars, according to report, is being admired particularly by those who have been entranced by the sunset at El Tovar.

Seventy members and friends of the First Lutheran church took possession of their pastor's home at 111 East Harvard street Friday night. The occasion was a celebration of the birthday anniversary of Dr. H. C. Funk, to whom the affair was a complete surprise. He was called out on a case and upon his return found the house filled with guests laden with gifts. Those present departed at a late hour wishing Rev. Funk many similar occasions.

The G. S. G. S. club held a meeting Friday night at the home of Lucile Beach, 327 Riverdale Drive. Readings by Marjorie Temple, piano numbers by Alice Hill and vocal selections by Frederica Browne, were some of the features of this, the first program, given by the recently organized club. Light refreshments were served. Members present were Carolyn Ayers, Alice Hill, Frederica Browne, Marjorie Temple, Beryl Goodale, Vivian Nay, Elizabeth Garton, Marjorie Hart and the hostess.

Mrs. Nanno Woods of 122 West Milford street is planning several delightful social events in honor of the members of her various dancing classes. She will be hostess at an afternoon tea to be given under the wistaria pergola at her home on Sunday afternoon, May 7 for the members of the Get-Acquainted dancing class which she has recently organized. She will entertain with dancing parties on June 7 for the members of the Wednesday evening class and on June 8 for her Thursday evening class. One of the big events planned by her, however, is a picnic at Hermosa Beach to be held Sunday, July 9, for all of her present and past dancing pupils.

Word has recently been received by local friends of Mrs. Robert F. Kolts, formerly Miss Carol Willisford of this city, to the effect that the couple will return to Southern California about the first of July. Following their marriage in Los Angeles in February, Mr. and Mrs. Kolts left immediately for Houston, Texas, where they are spending several months at the home of the bride's parents, Rev. and Mrs. E. H. Willisford. Both of the young people are well known in Glendale, they having lived here several years and graduated from the local high school in June, 1916. They have not yet decided where they will make their permanent home.

"We believe the Hupmobile to be the best car of its class in the world."
—Adv.

Locals and Personals

Mrs. E. H. Sawyer of 1104 East Wilson avenue is spending this week-end in San Francisco.

G. E. Alexander has moved from 347 Hawthorne street into his new home at 512 West California avenue.

Mr. and Mrs. I. S. Gorham and son George of Los Angeles were guests over Sunday of Mr. and Mrs. R. D. Jones of 322 East Dryden street.

Contractor S. S. Beran of 305 South Brand boulevard motored to Long Beach yesterday in his new Chandler coupe accompanied by his family.

Mrs. John W. Cotton of 1137 San Rafael street left Saturday night on the Owl for Oakland, where she will be the guest of a brother and sister whose homes are in the northern city. She was accompanied by her mother.

Mr. and Mrs. C. E. Russell of 332 North Kenwood street had as guests recently their cousins, Mr. and Mrs. O. H. Russell of Michigan, who are spending the spring in Glendale.

Mr. and Mrs. M. L. Ogden have sold their home at 501 West Colorado street to Mrs. Hartwell of Hollywood and are moving this week to 524 West Colorado street.

Mr. and Mrs. W. N. Stamps and children of 436 West Colorado street enjoyed a family picnic at Chatsworth reservoir Sunday. Mrs. Stamps and Mrs. T. G. Widmeyre of North Jackson street were guests recently at a meeting of former school friends at the home of Mrs. Robert McAboy of Los Angeles.

A group of Glendale people who enjoyed a motor trip to Long Beach and Huntington Beach yesterday included M. E. Peairs of 218 West Doran street, Mr. and Mrs. Frank Spencer and Fred Spencer of 201 West Palmer avenue, and Miss Jean Barlow of 431 South Columbus avenue.

"All Alpha-Delphian group members are requested to be present at the meeting to be held in the juvenile room of the public library Thursday at 2 o'clock," stated Mrs. H. W. Sawyer of 432 North Jackson street this morning. She is very anxious that all those eligible for a new chapter should report.

Mrs. Frank C. Ayars of 315 North Orange street entertained the members of the G. S. G. S. club Saturday afternoon with a pleasant matinee party at a Los Angeles theatre. Invited guests were Marjorie Temple, Marjorie Hart, Lucile Beach, Beryl Goodale, Vivian Nay, Elizabeth Garton, Alice Hill, Frederica Browne, Carolyn Ayars, Miss Gladys Sharpe.

Group of Local Folk Guests at Picnic Party

A jolly picnic party at Santa Monica was enjoyed Sunday by a group of Glendale people, including Mr. and Mrs. Sam Bronnenberg, William Bronnenberg, Mr. and Mrs. Thomas Hayward, Mr. and Mrs. Brown, Mr. and Mrs. Frank M. George and daughter, Mary Elizabeth, Mr. and Mrs. R. J. East, Miss Edna Bronnenberg, Brandon Bronnenberg and Charles Carter.

Deaths and Funerals

SYLVIA SMITH

Funeral services were held at 10:15 this morning, Monday, May 1, 1922, at Grand View cemetery for Sylvia Smith, infant daughter of Mr. and Mrs. Jesse M. Smith, 536 West California avenue. They were in charge of Pulliam-Kiefer and Eyerick.

HOWARD M. CARTER

Funeral services for Howard M. Carter, who passed away in Los Angeles, Thursday, April 27, 1922, at the age of 36 years, after serving his country as a soldier for the past sixteen years, were held Saturday morning at 10:30 o'clock in the chapel of Pulliam & Kiefer Undertaking company, in charge of the local post of the American Legion. Chaplain Harley G. Preston, pastor of the Pacific Avenue Methodist church, officiated. Mr. Carter is survived by a didow, Mrs. Eva Carter, of 465 Vine street.

EDWARD VANDENBERG

Rev. W. E. Edmonds, pastor of the Presbyterian church, officiated at the funeral services held Saturday afternoon, April 29, 1922, at 3 o'clock for Edward R. Vandenberg, at the Little Church of the Flowers. Glendale post of the American Legion had charge of the services. Mr. Vandenberg was killed by a railroad train while guarding prisoners in France. He was a son of J. G. Vandenberg of 619 North Orange street. The body arrived at the Pulliam & Kiefer Undertaking parlors Friday.

MRS. NELLIE M. WOODBRIDGE

Mrs. Nellie M. Woodbridge passed away early this morning, Monday, May 1, 1922, at her home, 1146 East Lexington Drive, after an illness of some duration.

Mrs. Woodbridge was born in Illinois thirty-nine years ago. Six months ago the family moved to Glendale on account of her health.

Fred E. Woodbridge survives his wife and a small son, Floyd Edwin Woodbridge. There are two brothers and two sisters: Loren Woodbridge and Clyde Woodbridge, both of Glendale; Mrs. W. H. Nicholson, 1215 East Wilson avenue, and Mrs. H. P. Baker, Kewanee, Ill.

Rev. C. M. Crist, pastor of the Methodist church, will officiate tomorrow afternoon at 2 o'clock at the funeral services which will be held in the chapel of Pulliam-Kiefer and Eyerick. Interment will be in Grand View cemetery.

TURN HAIR DARK WITH SAGE TEA

If Mixed With Sulphur It Darkens So Naturally Nobody Can Tell

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.—Advertisement.

NEED OF TODAY IS GREATER LOYALTY, PASTOR SAYS

Humanity Will Emerge Victor, Christianity Will Triumph, Dr. Crist Declares

"The call today is for a greater loyalty, a better citizenship and a truer patriotism," declared Dr. C. M. Crist in his morning sermon at the First Methodist church.

"Civilization is facing toward the elimination of war. What a travesty on Christianity and brotherhood war has been! How the heart of God has been torn by the madness of man! Think of the loss by death and the fearful wounding of the millions of earth's flower of manhood! Think of the loss of this young life in the constructive purposes and plans of God! Try to measure the result of this last war in the crime wave of the world!

"Sherman was right when he said 'War is Hell' and it will take a generation or more to bring our humanity back to a normal expression. With jazz and nudity everywhere, with disregard for law and with violence and disorder rampant, it is not surprising that many of those who think deeply find themselves in the slough of despond.

Progression Is There

"But humanity will emerge; Christianity has not collapsed; the mighty spirit of God has not ceased to operate. Already, United States has outlawed the legalized saloon.

"Civilization is the progression toward the ideal. The history of Christian progress is not only along the line of addition but of subtraction. It sometimes seems slow, but it is always in the right direction. In its upward climb humanity arrives successively at new viewpoints, sometimes bringing to sight apparently new ideals and always giving broader vision and a more glorious outlook.

"Individuals as they appear along the line of existence have different starting places well illustrated by a relay race. The man, who starts today, builds on the yesterday of human development. The many of tomorrow will build on today and so will go out further toward the perfect day.

"With the conception that God is working through each succeeding generation we get a philosophy of history that is exceedingly optimistic. The perfect day may be far in the future, but with earnest enthusiasm and fidelity to the principles of progress, let each contribute his part and so join in the mighty purposes and plans of the Eternal."

Airplane Mail Trips Urged to Committee

WASHINGTON, May 1.—Contract airplane mail service under direction of the postoffice department with special fixed postage rates, as provided by the Steenerson bill was advocated before the house postoffice committee by Luther K. Bell, representing the Chamber of Commerce of America, New York, and F. B. Deberard, representing the New York Chamber of Commerce.

The committee which is favorable to contract carriage of mail by airplane, has before it endorsements from twenty-four Chambers of Commerce, fourteen airplane organizations and commercial trade and banking organizations in Kansas City, Sacramento, San Francisco, Salt Lake City, Spokane, Phoenix, and other cities.

It was stated that a demand exists for air mail routes from Omaha to Kansas City, to Galveston; Chicago, St. Louis and Cleveland; Kansas City to Chicago, St. Louis and New York; Milwaukee to Detroit, Cincinnati and St. Louis; St. Paul and Minneapolis to Lake Charles, La.; Los Angeles to San Francisco; Spokane to Seattle and Portland, to establish fast north and south connections with gulf and South American steamship lines.

MINISTER REFUSES MONEY

KANSAS CITY, Kan., May 1.—The identity of three masked and shrouded men who wore the regalia of the Ku Klux Klan and entered the Washington Avenue Methodist church here Sunday night remained a mystery today.

Pushing aside an usher at the door, the men offered the Rev. G. Franklin Ream a contribution of money. He asked them to take off their masks and identify themselves and when they refused, he returned the money. The klansmen then departed.

FEARS OPERATION, DIES

CHICAGO, May 1.—After kissing her mother good-night, Miss Irene Theis, 27, strangled herself to death by twisting a heavy wrapping cord around her throat in her home. Her body, clad in nightclothes, was found by her mother. Fear of an operation which was to be performed on her nose is said to have caused her act.

SAY PROHIBITION FAILURE

LONDON, May 1.—At least one country in this wide world has tried prohibition and found it a failure. A Central News dispatch from Reykjavik, Iceland, stated that the Icelandic parliament has abolished prohibition and adopted a measure permitting the sale and consumption of wines.

POLL OF EX-SERVICE MEN

WASHINGTON, May 1.—A country-wide poll of ex-service men now being completed by the American Legion to determine which form of adjusted compensation they favor most, probably will be the deciding factor in the soldiers' bonus situation in congress, Senator Arthur Capper, Republican of Kansas, chairman of the senate agricultural bloc declared.

Dr. F. W. Collins Tells About Work At Brown College

DR. F. W. COLLINS

Of the John E. Brown College, now in Glendale and speaker at the First Methodist and the First Presbyterian churches yesterday.

Dr. F. W. Collins of the John E. Brown College, of Siloam Springs, Ark., addressed the Sunday school of the First Methodist Episcopal church yesterday morning, and told of the "great heartedness of the founder of the school who had emptied himself of all his material possessions to found an institution in his beloved Ozarks where overlooked boys and girls might come and work their way and gain an education of the right sort, without money in the first instance, and without financial obligation in the second."

In the evening, Dr. Collins spoke in the pulpit of the First Presbyterian church, and painted the pictures of some of the students of the school "who had come in from the hills where they had been neglected and overlooked, and how they had made most remarkable progress in a very short time, despite the fact that all had to work for four hours a day."

Although one of the foremost evangelists of today, John Elward Brown could not pass the third grade of school when eighteen and has educated himself since that time. The school he has founded has the three fold education, for it trains the head, the hand and the heart. It is called the "School With a Soul," said Dr. Collins.

Police Get New Clews In Parsonage Murder

HOOPESTON, Ill., May 1.—Gertrude Hanna, young choir singer, died during an illegal operation and her body was literally refrigerated in an ice house before it was carried to the parsonage basement where it was finally discovered, according to a theory built up by officials of Vermillion county today.

The new thory, divulged after the authorities had closely questioned the father, mother and two sisters of the dead girl, is that Gertrude was taken to the mill for the illegal operation that was reckoned on as the one step to escape from gossip sure to come with the birth of a fatherless child.

The officials this morning went to the mill owned by Wm. T. Hanna, father of the dead girl. As they did, it became known that the undertaker declared there were particles of flour, such as might be found at a grist mill, clinging to the mud on the girl's shoes. Then the officials went to the ice house near by and followed this with a swift journey to a vacant house near the Hanna home. They next went to the city hall and called before them the father, the mother, and two sisters. They refused to reveal the result of their examination.

The father, coming from the city hall chambers, revealed a strange, new attitude. He had been urging officials to every effort.

"I just as soon have the whole thing dropped," he said. "There has been too much gossip and scandal already."

OUST FORMER SECRETARY

WASHINGTON, May 1.—W. G. Watts, department of justice agent who was discharged by Attorney General Daugherty for giving information to Representative Johnson concerning the department's investigations of war fraud claims, has issued a statement announcing that his former secretary, Victor H. Dodge, has been suspended by Assistant Attorney General Holland. Dodge, in a statement, said he was a civil service employe and had no reason given him for his suspension, which takes effect immediately.

TO INVESTIGATE CLAIMS

WASHINGTON, May 1.—Representative John Q. Tilson, Republican of Connecticut, has been appointed to investigate the claims against the United States arising out of the occupation of the Rhineland territory by the American army of occupation, it was announced by Secretary of War Weeks.

Representative Tilson will sail for Europe on an army transport May 2 and will make a thorough inspection of the American area. Secretary Weeks said the government had no figures to show the amount of damages claimed, but believed they would be considerable.

JAPS TO FORTIFY SIBERIA

WASHINGTON, May 1.—Japan has begun fortifying the coast of Siberia with 12-inch guns calculated to make the peninsula impregnable to an attacking fleet. This sensational charge was made by Alexander Yazikoff, spokesman of the delegation of the Far Eastern republic of Siberia, who has just received detailed information concerning what purports to be the plan of the Japanese for maintaining the hold on the Russian mainland despite promises made at the armament conference to withdraw their troops as soon as possible.

SALVATION IS NOT FREE, CLAIM OF REV. C. A. COLE

Costs More Than All Else, Says Pastor In Sermon at Christian Church

"Salvation's not free; it costs more than anything else!" exclaimed Rev. C. A. Cole yesterday morning in his sermon at the Central Christian church.

"It costs you and me nothing less than ourselves," he continued. "It requires the indwelling of the God spirit. You may plead like an angel of light, preach like the great apostle on Mars Hill, sing like the Swedish nightingale, paint like Raphael and still give your body to be burned.

"Oh, the power of loving, transforming and blessing lives—"making the wilderness and the solitary places glad and the desert to rejoice and 'blossom as the rose.'

"'It is more blessed to give than to receive.' How many have learned the lesson? Our hands are continually open for receiving. When we have learned that the one true condition of Christianity is not reception but distribution, that it is complete sacrifice of self nature, we shall have solved the perplexing problems of the Kingdom.

Pass Good Things On

"Mrs. Wiggs' philosophy is Christian experience: 'Somehow I never feel like good things belonged to me 'til I pass 'em on to somebody else.'

"William Penn said, 'I pass this way but once. If there is any kindness, any good thing I can do to my fellow beings, let me do it now. I pass this way but once.'

"No one can enjoy the flowers, music, pictures and sunsets, if he systematically neglects them. The arm not used soon becomes paralyzed. The mind not used soon becomes dull.

"You may be an honest doctor, lawyer, preacher and a perfect man in body, mind and moral character. But, if a man is a Christian, touched with the spirit of Christianity, there comes ringing through his life a diviner, sweeter grace."

Friar Praises U. S. for Help in Famine

LONDON.—That the United States is already grappling with the Russian situation, while others are only groping about it, was the declaration made by Friar Bernard Vaughan to a representative of the American Relief Administration, with whom he was discussing the horrors of the Volga Valley.

"The only comfort, as one reads the story of Russian starvation, plague and misery," said Friar Vaughan, "is the realization that the United States knows something about it, which means they have got there on both feet and are grappling with the situation, while others ars groping about it.

"Language is altogether inadequate to describe the horrors of the universal famine which since the war has pervaded the civilized world," Friar Vaughan declared.

"But if European Levites and others pass by," he said, "the American Samaritan pauses over the starving multitudes and, like the Divine Master, has pity on them.

"May God bless the citizens of the great republic for following the Master's example! May God bless my untiring friend, Mr. Hoover, and may he and all other Americans never want, but ever prosper for doing what they have done!"

College Girls Prefer Jobs to Jazz Idleness

BALTIMORE—Reactionaries who picture the "modern girl" as chiefly bent on frivolities will find little support for their theories at Goucher College, for, according to President William W. Guth, no less than 165 girls from the two upper classes are now spending their coveted spring recess at hard work. "The average college girl," he said recently, "prefers a job to jazz and would rather find a place of real usefulness in the community than a pedestal of ornamental idleness."

The 165 Goucher girls at work are serving as apprentices with industrial and professional organizations in their home towns, with a view to choosing their ultimate vocations more intelligently after graduation.

WANTS $12,000,000 BONDS

WASHINGTON, May 1.—The Cleveland Union Terminals company has appealed to the Interstate Commerce Committee for authority to issue and sell $12,000,000 of first mortgage 5½ per cent 50-year sinking fund gold bonds.

At the same time the New York Central, Cleveland, Cincinnati, Chicago & St. Louis, and the New York, Chicago & St. Louis railroad companies appealed for authority to guarantee the payment of interest and principal of those bonds.

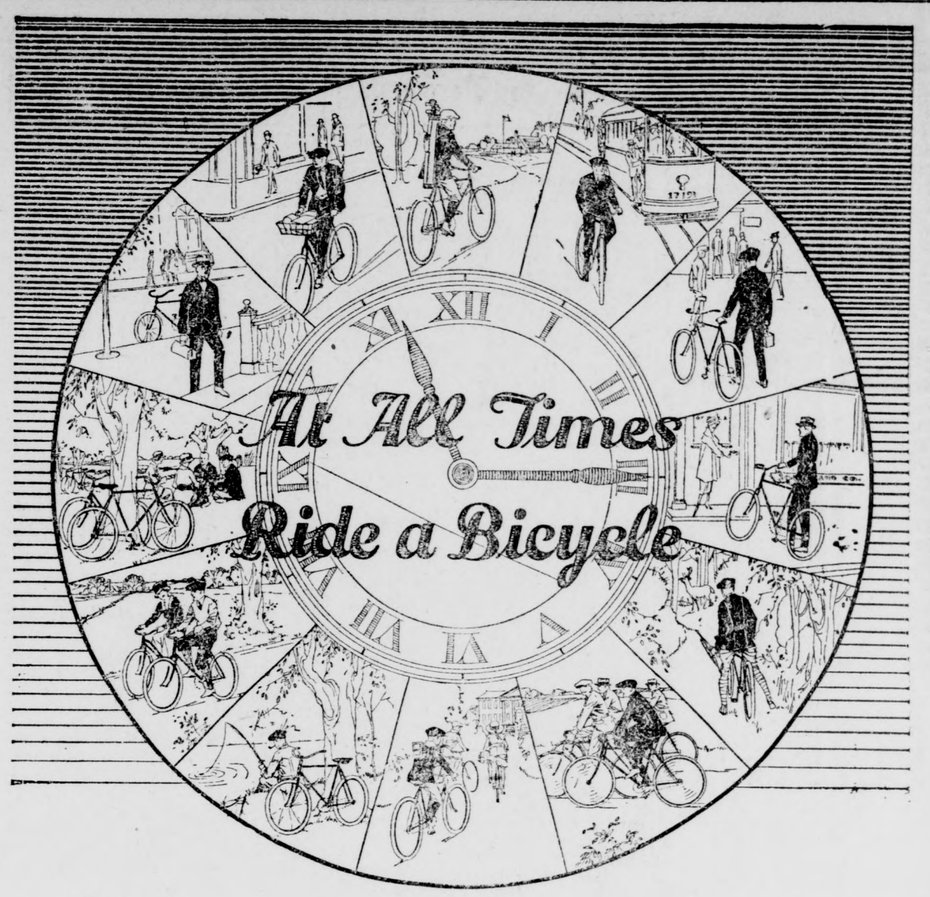
LENINE LOSES OLD BULLET

MOSCOW, May 1.—The operation performed on Nikolai Lenine has been entirely successful, it was officially announced today. Dr. Burghardt, a German specialist, extracted a dum-dum bullet from the soviet chieftain's right shoulder which was lodged there by a would-be assassin in 1918.

PLAYING SAFE

He (cautiously): "Would you say 'Yes' if I asked you to marry me?"

She (still more cautiously): "Would you ask me to marry you if I said I would say 'Yes' if you asked me to marry you?"



"Ride a Bicycle!"—The sum total of economical, zestful transportation, of health-building, muscle-developing, and merry-making in the wonderful outdoor world, where Nature welcomes you as one of her own and makes you glad to be alive!

"Ride a Bicycle!"—Go *where* you want to go, *when* you want to go—for *work* or for *fun*.

See your local dealer *today*. Pick out the model and type you want at whatever price you feel justified in paying. Put new pep and vigor and joy into the things you do while on the job or on vacation. *"Ride a Bicycle!"*

Bike Days Are Here

—Your boy will get more healthful recreation and enjoyment from a Bicycle than from most anything else, and when you can buy one for him at the present low prices you should do so at once.

OPEN WEDNESDAY AND SATURDAY EVENINGS

BUCK WEAVER LOSES OUT

CHICAGO, May 1. — Baseball Commissioner Kenesaw M. Landis has denied the application of George "Buck" Weaver for reinstatement it became known today. Weaver recently asked Judge Landis to review his case. The judge, in denying the application, informed Weaver that a bill of particulars would follow. Weaver was one of the Chicago White Sox players implicated in the 1919 world series scandal.

BRITISH MINERS MAY QUIT

INDIANAPOLIS, Ind., May 1.— Possibility of a sympathetic walkout of British coal miners in support of the striking miners of the United States was seen following receipt by Secretary William Green of the United Mine Workers of a cablegram from the executive committee of International Miners, meeting in Rome, which promised the aid of the European miners.

REPORT $16,800 ROBBERY

CHICAGO, May 1.—"Bluebook" bandits who raided the fashionable apartment of Samuel G. Garfield, wealthy broker, and robbed it of $16,800 in cash and jewelry, are being sought by the police today. It is believed that the robbers were members of a band that has robbed homes of wealthy persons here of more than $250,000 in recent months.

DYNAMITE KILLS THREE

APOLLO, Pa., May 1. — Three non-union miners were killed, one seriously injured and two others slightly hurt when a bunk house near the Patterson mine of the Kiski valley coal company at West Apollo was dynamited. A bomb was hurled through a window of the bunk house, a small structure containing one room. Several men were sleeping in the room at the time.

FIVE CITIZENS SHOT DOWN

LONDON, May 1. — Gangs of armed men shot down five prominent citizens of Ballineen and Dunmanway, according to exchange telegraph dispatches from Ireland. Irregular forces who have for several days contested Free State troops for possession of the industrial town of Mullingar, withdrew from the town, according to a Central News dispatch.

THEY DO IT IN THE MOVIES

LEAD HILL, Ark., May 1.— Adopting the methods of Jesse James and Cole Younger, two highwaymen rode into town and robbed the bank here of $8,000 in liberty bonds and $2,000 in cash and rode off.

The gunmen, who had tied their horses near the bank, forced the cashier and assistant cashier to accompany them to their mounts. The loss is covered by insurance.

PRIZE PLAY TOO WILD?

SAN FRANCISCO, May 1.— Whether "Wild Birds" are too wild to be shown in San Francisco was up to Chief of Police O'Brien to determine today. "Wild Birds" is the prize play of the year of the Greek theatre players of the University of California. Police Censor Peshon ruled that the play has too much to do with "wild women" and was therefore too wild for San Francisco. The players protested to the chief.

One of Glendale's Growing Establishments

Dr. Marlenee, who came to Glendale on the exemption board from San Bernardino, where he was local examiner for the Santa Fe for a number of years, gives some interesting views on optometry and service.

To take a piece of glass about a quarter of an inch thick, two inches long and one and one-half inches wide, from it fashion a lens that will bring relief to a sufferer from defective eyesight is truly an art.

We all remember the days, not so very long ago, when jewelers, general stores, and the "house-to-house" peddler carried an assortment of "Spectacles." Those were the days when we walked up to the tray of glasses and tried them on, one after another, until we found six or seven pair that made us "see better." Finally we worked our selection down to two or three pair, until, in sheer

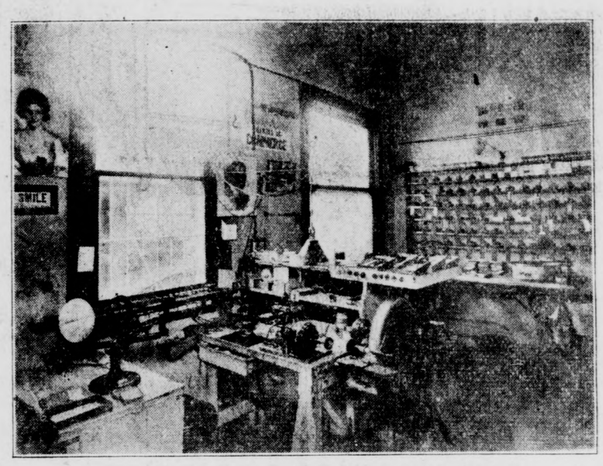
One of the Examining Rooms

Adjusting and Reception Rooms

Dr. Marlenee's Location, 106 East Broadway

always been a firm believer in the old saying, 'You get what you give.' This has always been my motto, and, in applying it to my business, I have shortened it somewhat, 'Give to Get.' By this I mean that, in order to establish a desirable business, a man must give real service. It is not enough that he furnish glasses to patrons—this only goes half way; he must furnish glasses that give the greatest possible relief without a chance of injury; he must keep in touch with his patient for at least a year after a fitting and make any correction that may arise in that time."

This is not idle talk, because Dr. Marlenee's statements are born out by facts. His testing rooms are fitted with the best developed modern appliances for detecting eye troubles. So fine has science drawn the line that it is possible to locate the trouble and prescribe the proper lens by the use of instruments alone. This is



Lens Grinding and Surfacing Laboratory

desperation, we picked on one, very often to find that the relief we sought was of short duration.

Today it is far different. Modern science, when practised by a man who thoroughly understands it, and who has at his command the best developed instruments for accurate examination of the eye, has given us sure and permanent relief for our vision defects. Taking advantage of all that science has to offer, Dr. C. L. Marlenee, at 106 East Broadway, has one of the best equipped optometry establishments in this part of the state. In fact, his is the only complete lens grinding and polishing plant between Los Angeles and Bakersfield.

Coming to Glendale three years ago, Dr. Marlenee won favor and a steadily increasing patronage through his competent, skillful and painstaking service to all who seek relief from eye troubles. Speaking of this rapid growth, Dr. Marlenee states: "I have

especially advantageous to children, as they are apt to become confused and, therefore, not capable of knowing just what lens fits them best. In speaking of his lens grinding and polishing plant, Dr. Marlenee says that he can give better service by grinding his own lenses, faster service in delivering the finished product, and better results in achieving just exactly the right lens.

He retained his interests in San Bernardino for a time, but sold them recently, owing to the press of affairs here. Well known all over this section, Dr. Marlenee has patients who come to him from Los Angeles, Hollywood, Pasadena and San Bernardino almost every day.

"Taking the matter as a whole," continued Dr. Marlenee, superior service and reliable goods cannot lie. Sooner or later their true character will develop in satisfaction to the patient."

WILLIAM LANE IN FIRST OF SERIES OR RADIOTALES

Dropping of Pin In City of New York May Be Heard in San Francisco!

By GEORGE VAN SANDS
Radio Editor The Evening News

Allow us to introduce herewith William Lane of 920 East Palmer street the author of the following story, entered for the prize contest, on the possibilities of radio. A few months ago such wild stretches of the imagination would cause us to merely smile, but is there any of us now who can actually dispute a single one of the following statements? The story:

"Wireless electricity is doubtless on the eve of a remarkable development. New York is today the radio center of the world. Radio should not be considered a mere toy, but seriously studied and mastered. The day may come when every newspaper, however remote, will be in instant touch by radio with the news centers of the world.

"The educational possibilities are very great. When there is a great minister, and they are rare, radio will make it possible for thousands of congregations to listen to him. The lecturer in the college will be able to address tens of thousands of students.

To See by Electricity

"We are far behind in the building of cables. The war served to check cable laying for five years, and it will take many years to catch up with normal conditions. Therefore, radio communication is destined to play an immensely important role in our civilization. Its present wonderful development is merely a beginning.

"It will soon be possible to see as well as hear by means of electricity. 'Television' will be employed as generally as telephoning. As one listens to a voice at the other end of the line, he will also see every expression of the speaker's face.

"It will possible to see as well as to hear either by the wireless telephone or over the regular wire circuits. There will be no limit to the distance of such transmission, so that we shall be able to talk to a person in any part of the world, and watch his face at the same time.

Hear Fly's Footsteps?

"In a general way the instrument used for television will closely resemble the mechanism of the human eye. There is no limit, for instance, for the possibilities of the radiophone development. The most minute sounds, thanks to amplifying devices, may be made audible across the continent. A fly's footsteps may be heard, or the dropping of a pin in New York, may be heard in San Francisco. Imagination can hardly compass the practical possibilities of these developments. They mean the spread of information and entertainment on a hitherto unparalleled scale, drawing nearly every home in the land into the radiophone's educational influence."

RADIO EXPLAINED

By E. H. LEWIS
INSTRUCTOR NEW YORK Y.M.C.A. RADIO SCHOOL

DEFLECTION AND ABSORPTION OF RADIO WAVES

When the waves or ripples in water are radiated out in circles from the point where a stone is dropped, what happens when they reach a large rock projecting above the surface? They are deflected, and immediately behind the rock there is a region where the water is unaffected. That is, there is a region of shadow behind the rock for a short distance. But further away from this point the waves are again present. A steep hill or mountain can do the same thing to the radio waves in the medium called "ether." If a receiving station is too close to the foot of the hill it will be in a region of shadow and may not be influenced by the radio waves at all. A little further away from the hill, in the direction away from the sending station, the signals may be heard rather faintly, but still further away in the same direction they may be nearly as strong as though there were no hill in the way. High buildings in the cities often produce the same effects, and, although the signals may be heard at a station just in back of the building, they may be considerably weakened because of deflection.

In the case of the water waves, if there is a lot of seaweed or other obstruction in their path, their energy will be either wholly or partially absorbed. Metal objects of any size will absorb energy from radio waves, so will trees because the sap conducts electricity. A high building in the city invariably has a steel frame which absorbs energy, and if there are many such buildings in the immediate neighborhood there may be much absorption. Also in the country, if a receiving station is surrounded by trees, there may again be considerable absorption of the radio waves. In such cases it is advisable to have the receiving antenna higher than the seat of absorption—that is higher than surrounding buildings or trees if good results are desired, with the least expense for complicated apparatus.

What are known as "dead spots" in radio work are localities in which there is permanently very great absorption, deflection or perhaps even curious effects of refraction or reflection. In these localities signals from certain directions may be received normally, while those from other directions are not received at all or very poorly. Such dead spots may be found in certain sections of a large city or in more open spaces. Usually, very sensitive receivers will partially compensate for the energy losses by stepping up the energy available. But this does not, of course, alter the fact that certain localities produce certain local conditions which are detrimental to good radio reception.

Plans to Use Radio to Chase Bootleggers

DENVER.—The first "prohibition radio station" in the United States, it is believed, will be erected here atop the Federal customs building. Purchase and installation of the plant will begin as soon as formal approval of the project is received from Washington.

E. H. McClenahan, prohibition director and enforcement officer for the district of Colorado, announced that the radio system is to be employed principally for the detection and capture of "booze runners."

"We are anticipating some bold attempts to bring bonded liquor into Denver this summer," McClenahan said. "There is practically no bonded liquor in the city at this time. Booze running in winter from Canada is almost impossible because of the heavy snows in Wyoming. When spring begins to open up the northern trails, however, there probably will be a rush of booze from Canada.

"The radio will enable us to get many 'tips' of impending excursions into the United States and into Colorado over the Wyoming line from Canada."

Numerous prohibition agents scattered throughout Colorado will be equipped with small, portable "radio stations" to keep in touch with Denver headquarters.

UNDER SECRETARY SWORN

WASHINGTON, May 1. — William Phillips, former American minister to The Netherlands, has been sworn in as under secretary of state. He succeeds Henry P. Fletcher, who became minister to Belgium.

'Uncle Joe' Cannon Enthuses Over Radio

Always keeping step with the times, "Uncle Joe" Cannon, has joined the ranks of radio fans and now has a wireless set in his office in Washington. Here he is: Congressman Joseph Gurney Cannon, of Danville, Ill., but where is the cigar?

NEW APPARATUS AND DEVICES

By RALPH BROWN
RADIO ENGINEER, CUTTING AND WASHINGTON RADIO CORP

A NEW CABINET LOUD SPEAKER

An improved and scientifically designed tone chamber is one of the principal claims made for the loud speaker illustrated. The binding posts marked "input" are connected to a Baldwin telephone receiver and the latter is mechanically attached to the small inner opening of the tone chamber.

The cabinet is of walnut and measures 5 inches by 12½ inches. It makes a very pleasing appearance and can be set right alongside the cabinet receiving set.

It is claimed that the sounds from this loud speaker are much more pure and pleasing than from the ordinary horns often used for reproduction. This claim is well founded because the tone chamber is of a non-metallic composition, and there is no metallic sound, therefore, to the music coming from the device.

Questions On Radio and Their Answers

Question: Should I invest in a high priced receiver? What assurance, if any, have I that the broadcasting stations will continue to broadcast, or am I liable to have a high priced machine on my hands with nothing coming through the air for it to receive?—S. W. R., Glendale.

Answer: Of course there is no absolute assurance of anything; some of us are even wanting a little assurance that we are to actually have a summer here in California this year and am frank to say I am beginning to have some doubts about it myself. Radio is becoming a vast commercial proposition; millions of dollars are being invested by people all over the country in installing home receivers. Some of the largest business organizations backed by shrewd business men are sinking unlimited funds in new factories, broadcasting stations, etc., and it does not look hardly reasonable from even a business standpoint that the idea is to sell us all receiving sets, get one in every home, and then have the factories go out of business and the broadcasting stations close up and leave us all with a receiving set on our hands that under those conditions would be nothing other than a pile of junk. Can it be presumed that such concerns as General Electric, Westinghouse and a great many others too numerous to mention, to say nothing of Uncle Sam, who is taking a hand in the supervision of radio, are all going to throw us down "cold" after they separate us from the price of a receiving set?

Question: Please tell me the best and quicket way for a person knowing nothing whatever about radio or how to operate a wireless telephone to become familiar with the subject? —W. V. A., Glendale.

Answer: Am glad you asked this question as there are a great many others who want to know the same thing, and The Evening News, realizing a great many of its readers were becoming interested in radio, was the pioneer in Glendale in running a daily radio page for their benefit, and the great interest that has been shown has been very gratifying, inasmuch as such interest is clearly indicative of what our readers want. It has been the policy of the radio editor to refrain, as far as possible, from going into any highly technical explanations of radio, for the reason that the public library contains many such textbooks, and a person actually wanting a highly scientific article on this subject would hardly enjoy reading only a small portion of such a work in a newspaper each day.

On the other hand, we bring to you daily on our radio page the very latest to be had on radio in the way of new attachments and inventions that are being put on the market, this service coming to us every day from New York, and in addition to this we have a daily article on "Radio Explained," not by the highly technical textbook method, the greater majority of which are obsolete on account of the fact that radio is making such rapid strides that textbooks can not keep up with it, but by the head instructor of the largest school in America whose explanations are given in simple understandable terms and as they apply to radio as it is today, not last month or last year. This service also comes to us daily from New York.

In addition to this we run a column not only on the general subject of radio, but especially as it is of general interest to Glendale, and last but not least, our Question and Answer column. So, to answer your question, I would say, get a small cheap crystal set and you will be your own best and most efficient teacher, and keep in touch with radio as it is today by reading The Glendale Evening News.

Do you remember how intricate an automobile appeared to you at first, and how such terms as manifold, needle valve, timing gear, differential, etc, seemed like so much Greek, but how very simple it all became after you had run your car a little while and perhaps wrecked it up a few times. Radio is the very same thing; there is really nothing much to it, except that it is a most wonderful discovery. So do not let anyone "high-brow" you with a lot of technical, fancy sounding names.

LOSES LEGS, GETS $41,000

SACRAMENTO, May 1. — The third district court of appeals has affirmed the judgment of the Tulare county superior court in awarding Guy Riley, 21, damages to the extent of $41,000 for the loss of both legs in a railroad accident in Berkeley several years ago.

Riley was a student at the University of California when the accident occurred, but maintained his residence in Tulare City. The original action was for $61,000 damages, but this was modified before the lower court to $41,000. The suit was brought against the United States Railroad Administration.

HOT STOVE LEAGUE PREDICTIONS GET EARLY TUMBLE

Views of Experts Fail to Come Out Right So Far; Comment About Coast League

By HOWARD M'GILLIS.
Sporting Editor The Evening News

With the Pacific Coast baseball league but four weeks old, the preseason hot stove predictions as to the relative strength of the various entries are beginning to take their usual course—that of becoming muchly upset. The only person who has ever scored a decision over the early spring baseball prophet is the consistently poor guessing weather forecaster, although the decision was far from being in the decisive class.

In glancing over the percentage column it will be seen that the first two places are being occupied by Vernon and San Francisco, neither of which was considered by the majority of the "experts" in their training camp selections of the "probable contenders for the pennant."

Vernon, with practically the same squad which finished in sixth place last year, was again doomed for a place in the second division, while the Seals, with a change in the managerial reins and a so-called "weak sister" in the shortstop's position, were likewise scheduled for a roost near the bottom of the ladder.

Of course, the season is young yet, but no matter how the teams may change their position in the league standings between now and next October, it's a 10 to 1 cinch that the final percentage figures will present a far different arrangement of teams than those predicted at any time to date. The only way to play safe is "Don't predict."

Indians Are Wooden

To date, the Seattle Indians, under the leadership of Walter McCredie, have come far from living up to early expectations, appearing as one of the strongest aggregations in the loop on paper they figured to be in the running. At present they are securely entrenched in last place. Their most formidable lineup contains such stars as Brick Eldred, Billy Lane, Red Murphy, Schulte, Tobin and several others.

The form which has been displayed in the early season games by both the Los Angeles and the Vernon clubs has furnished an almost exact repetition of the upsets made by the two southern teams last season. In the spring of 1921 the Tigers, with their "major league caliber" pitching staff, would probably clinch the pennant by the middle of July; while, on the other hand, Los Angeles' chances were more slim than slight with its lineup of "nice old gentlemen." But, when the final bell was rung in October and the casualty list was closely scrutinized, it was found that the best the Bengals could do was to end up in sixth place. On the other hand the Angels, coming from behind during the latter weeks of the campaign, aroused considerable dismay among the league's followers by copping the glue with an admittedly weaker team.

Lady Luck Is Present

The 1922 Angels, with a considerable improvement (on paper, of course), over the team which won last year's pennant, was mentioned as the whole show for first place. Since winning the opening series against Portland, however, they have been rapidly on the road of retrogression, most of their victories being largely the result of luck. The regular lineup is composed entirely of veterans of several years' experience, while the hurling corps boasts of such aces as Crandall, Ponder, Dumovich, Lyons, Hughes and Douglas.

Following is a list of teams of the Coast league and their averages at the close of last season:

Club—	W.	L.	Pct.
Los Angeles	108	80	.574
Sacramento	105	80	.568
San Francisco	106	82	.564
Seattle	103	82	.557
Oakland	101	85	.543
Salt Lake City	96	90	.516
Portland	73	110	.399
Vernon	51	134	.276

Tagging All Bases

The immortal Addie Joss turned over in his grave and out on his western farm Cy Young took an extra hitch in his generous trousers. Enter young Charley Robertson of the Chicago White Sox with the perfectly pitched ball game, not a player of the hard-hitting Detroit Tigers reaching first base.

Del Pratt, New York castoff, beat the Yankees with a homer in the eighth inning. Del should soon be promoted from the Yankees' second team, otherwise the Boston Red Sox.

The Washington Senators climbed back in the first division after a brief sojourn in the depths below, the Senators scoring enough runs in the fourth inning to beat the Athletics.

The hard-hitting Cardinals rushed Alexander off the premises in the seventh inning and easily beat the Cubs. Pfeffer pitched very plausible ball.

Another well-pitched game by Pete Donohue stakes the Cincinnati Reds to one of their very few victories, the Pirates failing to score until the ninth.

Bill Wambsganss, who made an unassisted triple play in the 1920 world's series, collaborated with Stuffy McInnis in killing three base runners with one ball, but the Indians were beaten by the Browns at that.

The Browns tied the Yankees for first place.

GAME ALWAYS

Preacher (solemnly)—"Rastus, do yo' take dis here woman for better or for worse?"

Rastus (from force of habit)—"Pahson, Ah shoots it all."

The Short Crucible

By Davis J. Walsh
International News Service Sports Editor

NEW YORK—Some of our best citizens, Benjamin Block, included, are quite exercised because a published report had Morvich, the derby favorite, running a very anaemic looking time trial in private the other day.

Mr. Block, who owns the horse, issued a denial. In the first place he says that Morvich is not given workouts in private and also he does not indulge in anaemic looking time trials in any case.

So much for that.

The story was published by Tom Thorp, an authority on matters of the turf. Mr. Thorp does not claim to have witnessed the workout in question, but says he considers the integrity of the men responsible for the story as being above reproach.

The story, by the way, had Morvich wavering badly in a trial at a mile and a sixteenth, the colt being so weary, according to the story, that he swerves far off the rail and finished in the middle of the track. A tired horse always bears out from the rail.

And there you have all the dirt in one dustpan.

It may be true and it may not. Block says it isn't and brands the story as a vicious canard designed to influence the odds. Thorp says he doesn't know anything about that part of it, but that he has faith in the source of his information.

Right or wrong, however, it is all very comforting to the boys who joyfully accepted odds of 2 to 1 on Morvich to win the derby.

Here is an interesting tid-bit or so on the baseball situation.

Everybody grants that the Washington Senators, given any kind of pitching, are as dangerous as dandruff. We think we see some pitching coming—the good Mr. Griffith was right now.

Last Tuesday young Tom Phillips held the hard-hitting Boston Red Sox to four hits and shut them out. Last week the same Tom would have blanked the Yankees except for a wild throw by Lamott.

It would appear that as soon as mild weather begins to look kindly upon Walter Johnson, George Mogridge and others, the Washington pitching may not be so careworn at that.

Another thought: Ken Williams of the Browns got his sixth home run in four days Tuesday and is now ahead of the esteemed Mr. Ruth's 1921 record. Can Ruth afford to give a man who stings the ball as hard as Williams can and will, a five weeks' start and top the American league in home runs this year?

SPORTS CHATTER

By BILL UNMACK
PACIFIC SPORTS SERVICE

The following questions seem to have been definitely solved recently through practical demonstration; that a boxer can defeat a wrestler, and that a wrestler can defeat a boxer. This ought to put an end to this moss-grown discussion.

Toots Mondt, the Greeley, Colo., wrestler, has taken on so well with the fans here that he already has had three matches and is slated for a fourth next week against a burly so-styled Italian champion that nobody seems to have ever heard of before. The particular merit that Toots possesses from the point of view of the spectators is that of keeping constantly in action and not allowing the bout to drag. He also is the original hard boiled egg when it comes to the rough material.

Something unique in the way of an intercollegiate telegraphic match was proposed by the University of Washington when it challenged the Stanford university golf team to a match. Just how the Washingtonians propose to reconcile the differences in terrain, as well as those which may exist in the matter of weather, they do not state. At first blush it would seem that a telegraphic golf match is one thing that never can be successfully staged. The boys in Seattle might be enjoying fine balmy weather and a perfectly still day, while those in California might be playing against a forty-mile gale. The lay of the land and the yardage between holes differ on every course. The two teams, in every probability, would be playing under widely divergent conditions.

The Olympic club of San Francisco is preparing to give a fitting homecoming to its member, John M. Wilmans, who recently won the national amateur heavyweight boxing championship in Boston. Wilmans' attainment of this title is no sudden thing. He is 22 years old and began boxing ten years ago as a juvenile member of the club. Then he became junior champion of the club. When he passed into the athletic membership among the seniors he became the Olympic club champion, then champion of the Pacific association and more recently won the pacific coast heavyweight title at Portland. He weighs 194 pounds and stands six feet three inches in height.

The first of the more important far western trap shooting events will take place on April 30 to May 3 with the shooting of the Inland Empire Handicap at Spokane.

The United States will be represented by a team in the International matches to be shot this year at Milan, Italy, June 9 to 21.

The WORLD OVER

By FRANKLIN B. MORSE.
PACIFIC SPORTS SERVICE

Freddie Welsh, former lightweight champion of the world, doesn't seem to have any more sense than the rest of the old time once was champions. We note that he took a ten-round licking the other day at the hands of an amateur. These old shells never know when they are through. A special section in an old lady's home ought to be set apart for them.

When Toots Mondt, the wrestler from Utah, hog tied a boxer recently in a boxer vs. wrestler match, he started something that seems to have taken with the fans. At all events, a number of these mixed matches have been put on in San Francisco since then and they always seem to furnish a kick for the spectators. Incidentally, the wrestler always seems to get the better of the boxer. Of course, it may be that as a wrestler, the mat man may be superior to what the boxer is. At all events, the question is not likely to be decided until two of the best men in their respective arts meet up. Such a match would be the one between Dempsey and Strangler Ed Lewis. If we may venture an opinion, we doubt if Dempsey could be dragged into such a match with a team of oxen. We would be willing to place a small wager on the Strangler gent.

George von Elm, the Salt Lake City golfer who recently won the Southern California amateur championship, would, in the estimation of many Pacific coast golfers, make a great match if he played against Dr. Paul Hunter of California. Hunter is believed to be about the only man in the state that von Elm cannot get the best of. The majority of those who have seen the two men play, at least in the Pacific neck of the woods, believe that von Elm would meet his match in the M. D.

That the Salt Lake Bees will be the weak sister of the Pacific Coast league this season and occupy the unenviable position held by the Portlanders in 1921 is the opinion expressed by Tom Laird, a San Francisco baseball critic. At the opening of the official season he pronounced the Bees as the weakest team in the organization and "are likely to remain hopelessly outclassed throughout the season." At least, it will be interesting to know, a bit later, how much of a prophet Thomas is.

Those who have played over the course of the Skokio Country club at Chicago, where the national open championship golf title will be played for in July, express the opinion that it is one of the hardest to negotiate in the country. In proof of this opinion they point to the fact that the par of the course has been placed at 70, while the best of the professionals only average around 77 strokes. Those who enter this tournament are assured of a terrain that will keep them going every minute of the time.

Open Sunday

NEW TRACT BEING OPENED

THE GOLDEN RULE REAL ESTATE OFFICE WILL HAVE FOR SALE, beginning Monday, May 1, a limited number of extra fine residence lots on the east side of Verdugo road, fronting on a continuation of Stanley avenue, only half block from street car line on Wilson avenue and 800 feet north of the Broadway and Verdugo road corner.

These lots will be priced to sell QUICK, in fact we look for them to sell as readily as did the Lemon Grove tract lots just east of this fine tract, having a variety of bearing fruit trees on them, oranges, peaches, plums and apricots.

Most of these lots have south frontage and being located only a short distance from the New Glendale Sanitarium tract and the new Union high school site, and with restrictions very reasonable, if any one wants a lot in this tract at the original price it will be best to make a selection early as they will soon all be sold.

We will be pleased to show you these lots even if you do not buy.

Call at The Golden Rule Real Estate Office at 622 East Broadway, across the street from City Hall. Tel. Glen. 2345-J, or see J. P. Lamppert, 200 East Dryden St., or John Yung at 327 North Belmont St.

Crops of California Are $105 Per Capita

SACRAMENTO—According to a bulletin of the state department of agriculture just issued, the California fruit and field crops for 1921 had a total farm value of $105 for each person in the state, the vineyards representing $17 and the citrus fruits $18 per individual. The value of the crops for the year amounted to approximately $365,000,000, a production of $1,000,000 a day. The number of stock cattle grazing annually in the state is 1,250,000 and 599,000 are taken annually from the ranges for immediate slaughter.

THREE BIG STORMS DURING MAY, IS ONE FORECAST

Father Ricard Gives Monthly Predictions; Fair Weather Also on Schedule

SANTA CLARA UNIVERSITY, Cal., May 1.—At least three severe storms will take place during May, but fair weather will also wedge into the proceedings, according to the monthly forecast issued by Rev. J. S. Ricard, S. J., of the Santa Clara University observatory today.

From the May schedule Father Ricard draws the conclusions that the Santa Clara Centennial celebration will be held without any serious meteorological visitation while the state fair at Sacramento may also run its course unmolested from the wrath of the elements. The forecast is as follows:

May 1.—Still under the previous disturbance, but rather fair. A strong high pressure wave hastening to clear the sky.

May 2, 3, 4.—Fair.

May 4.—A rather severe storm will invade the northwest, be reinforced on the 5th and move to the southeast over Idaho, Nevada, Utah and Arizona, with some threat in California and little or no chance for rain.

To Drive Storm Away

May 6.—A smart, cool wave driving the storm away, continues on the 7th. (Cool wave here is synonymous with high pressure area).

May 8, 10.—A moderate depression passing over the Canadian northwest, affecting portions of the north Pacific states and barely touching California, owing to the resistance of high pressures on the 9th. Nearly fair on the 11th; fair on the 12th and 13th.

May 14.—An unusually severe storm will arrive from the north Pacific ocean, land over British Columbia and Washington, slur over Oregon, and on the 15th make it cloudy or partly so in parts of California, even as far south as Tehachipi. A high pressure area will at the same time settle on the southern side of the low and arrest its southward motion.

May 17.—Fair here; cloudy over northern California and beyond to the northeastward and eastward.

Will All This Happen?

May 18, 19, 20.—Another accumulating disturbance of some intensity will run over the north Pacific states, producing general cloudiness, promising some rain over there, with little chance of reaching serene California. High pressures beginning to enter on the 18th.

May 21, 22.—Diminishing cloudiness from here to Vancouver. Clear or partly cloudy in southern California.

May 23, 24, 25, 26, 27.—High pressure dominant, making it fair and increasingly warm from San Diego to Prince Rupert, British Columbia. May 27, late in the day, a minor disturbance (area of moderately low barometer) will reach British Columbia and run eastward, with little or no effect in California, beyond some transient cloudiness on the 28th, when a high pressure will take possession.

May 31.—Another minor depression of no consequence in these parts except a few clouds.

England Stirred by Business Collapses

LONDON—The year 1919 marked he high festival of the profiteers, but the year 1922 the "lossiteers" are claiming as their very own.

The one big business in this country at the moment is bankruptcy, and the only people working at anything like full pressure are the business accountants who are working overtime on winding up decreased businesses, getting them ready for their examination in bankruptcy.

The financial rot started with the crash of the City Equitable Assurance company, which involved a sum of about $10,000,000. The insurance world faced that earthquake with fortitude and is gradually recovering from the shock, but in textiles, rubber, oil and dry goods large numbers of once prosperous houses are now in serious difficulties.

Almost every day adds to the list of voluntary liquidations. During the first fortnight in this month eighty already have been reported, and that is twenty times the average in normal times. Since January 1 1,200 failures of traders have been notified, which is incomparably larger than any other year within the last four generations.

The extent of the liabilities is not such an impressive feature of the failures as the shrinkage of assets. Stocks bought at the top of the market have had to be realized at ruinous sacrifices. Reckless overbuying during the boom, absence of reserves and good will, heavy taxation and decline of trade are some of the reasons for trade failures.

Some of the companies have been very unlucky because, after paying heavy excess profits duty, they have had their losses just too late to obtain rebate. Shipping suffered. One shipping corporation sold all its ships during the boom; the new company a few months ago was wound up, and the original shipping firm, within two years of their sale, was enabled to rebuy its ships at a third of the price at which it sold them.

20 MILLION SUIT CLOSED

CLEVELAND—Suit brought by Dr. S. N. McClean of Detroit, and other stockholders of the McClean Arms & Ordnance Co., against M. A. Bradley, R. M. Calfee and others for $20,000,000 alleged to be due from profits through the sale of the Lewis machine gun during the world war was dismissed by Judge John W. Peck of Cincinnati in the federal district court here.

Here's New Picture of Princess and Hubby

The Viscount and Viscountess Lascelles, the latter better known as the Princess Mary, enjoying a short walk in the gardens of Weston Park. The royal bride and groom have been honeymooning at the beautiful country estate of the Earl of Bradford.

FASHION, FUN AND FLOWERS MINGLE AT WOODLANDS

Large Number of Guests Frolic at Charming Home Place of Mr. and Mrs. Mader

A golden opportunity was overlooked by real estate men at Verdugo Woodlands Sunday afternoon.

Yes, yes. A happy crowd of bankers and others made merry at the Eugene Mader home, 200 Hillside Drive, and not a lot was sold, although many were admired.

That is, many of the women in the party were admired, for, under the direction of Peggy Hamilton, fashion editor of the Los Angeles Times, several photographs were taken of the Lady Knickerbockers, etc.

In fact, all sorts of latest fashions were to be seen at this affair and Auteil or Deauville undoubtedly had nothing on Glendale yesterday when it came to style. Or, maybe, those in Glendale had more on.

A ball game between the men and women resulted in a victory for the latter when they succeeded in scoring.

There was considerable hiking over the hills during the day which was, indeed, picturesque, for the Mader home is in the center of mountain atmosphere.

Large Party Present

This home place covers considerably more than an acre of ground with practically every one of the well known fruit trees and flowers native of California represented in this little Switzerland.

The guests yesterday numbered seventy-seven, being mostly the officers and their employes, their wives and sweethearts, of the Farmers' & Merchants' National bank of Los Angeles where Mr. Mader is one of the assistant cashiers. Mr. and Mrs. L. Holgate, Mr. and Mrs. William D. Baker and Mr. and Mrs. Harry St. Clair were all from Glendale attending.

Mr. and Mrs. Mader will leave on May 18 for an extended European trip and will visit the capitals of Europe as well as the birthplace of their ancestors at Schaffhouse, Switzerland. They will be back in Glendale by September 1.

Powdered Stone Eaten by Starving Chinese

WOOSTER, Ohio.—That the slow process of starvation is being hastened by illness caused by persons eating powdered stone in famine-stricken sections of China is the information contained in a letter received by C. R. Compton, Wooster College registrar, from Miss Grace Walborn, a mission field worker, whose headquarters are Shanghai, China.

"Famine conditions in our district are very severe," wrote Miss Walborn, who graduated from Wooster College last year. "At present the extreme cold is, perhaps, thinning the numbers who would be open to plague if hot summer comes before conditions can be bettered."

IS TIME TO STOP MOVING

ELYRIA, O. — Having moved eleven times in a little over two years, Florence Schroeder, Amherst, thought it high time to stop when her husband, Richard Schroeder, asked her to move to the home of her parents in Brownhelm.

Mrs. Schroeder has filed a suit for divorce, alimony and custody of their child.

LORD'S SUPPER IS OBSERVED BY BIG CONGREGATION

Many New Members Present at Services; Special Musical Features in Evening

The Lord's supper was observed yesterday morning by a large congregation, including many new members, at the Presbyterian church.

The evening meeting, according to the custom for this day, was a praise service. A number of special musical features were presented under the leadership of Mrs. Fannie Marple Retts, 113 West Park avenue, director of the choir. Miss Esther Gliess played several violin selections.

"In the world are unparalelled poverty and hunger," stated Rev. Louis Tinning, assistant pastor, in a brief sermon. "And yet those are trifling beside the still greater spiritual need. What is the need? Peace and a deliverer who can bring it.

"The world needs a redeemer—not an example. Men coming to seek Jesus come because of burdens. Is it worth while to seek Jesus? A little time spent meeting Jesus will mean more in life than anything else can ever mean."

Bottle Tossed in Sea in 1919 Brings Note

WOOSTER, Ohio.—While returning home from overseas service aboard the George Washington, and while former President Wilson was addressing the men on board, Leonard Ferrer, Orville, threw a bottle overboard on July 4, 1919.

In the bottle was a note containing the request that the finder "drop me a line."

A few days ago Ferrer received the following:

"Wakeley Hill, North Wairhampton, England. Dear sir: While walking on the sands of St. David's, a small city situated on the south coast of Wales, where I have been staying for a holiday, I found the enclosed letter in a bottle. I hope you had a pleasant voyage and reached home quite safely. Hoping you will receive this letter from your friends of the 'sea,' I am

"Yours very truly,
"KATHLEEN HANDLEY."

108 Years Old, Hews Cross Ties With Vigor

RICHWOOD, W. Va.—John Clark, of Camp No. 54 of the Pardee-Curtin Lumber company, who came to Richwood a few days ago to buy supplies, declared that while he was 108 years old, he was in splendid health and could hew cross ties for railways with as little difficulty as he did in the days of his youth.

Clark said he had been married five times and was the father of thirty-five children, of whom twenty-two are living. His fifth wife died eight years ago, after giving birth to twins.

A NIGHT RAIDER

"Never ask your husband for money," counseled the Old Married Woman.

"I never have to," retorted the Young Bride, proudly. "Charley's such a darling. He sleeps like a baby all night long."

HIGH SCHOOL BOND ISSUE FAVORED IN FOOTHILLS

Outlying Communities Like Location Selected for New Educational Plant

Throughout Glendale's vicinity great interest is being taken in the union high school bond election which will be held Tuesday.

From both Eagle Rock and Tujunga comes the assurance that they will do their part in carrying the $600,000 issue for new buildings at Broadway and Verdugo Road.

The location of this plant is particularly favorable to Eagle Rock and the voters there will show their appreciation of this consideration, it is said.

Lying on Verdugo Road on the nearest direct route to the foothills, the Tujunga, La Crescenta and La Canada folks also feel that no more central location could have been selected in Glendale, their center of education.

For Fire Protection

The Eagle Rock Chamber of Commerce at its recent meeting took steps to obtain better fire equipment before a disastrous conflagration shall show the insufficiency of the present Ford fire fighter. A. L. McCamman and C. W. Jones of that city are among five named to initiate something. Street car improvements were promised by the Los Angeles Railway company and a check up is being made of passengers from Glendale using the yellow cars.

Plymouth Rock Cane

Postmaster F. M. Ashby of Tujunga, one of the prominent members of the Millionaires' Club of Contentment, has been presented with a cane of unusual historical value. The head is set with a piece of Plymouth rock, while the wood comes from an old Provincial house in Boston. Mrs. Reed made the gift to the postmaster.

Occidental Gets Gift

President R. D. Bird of Occidental college announces that his institution is to have a new library building, modeled after the famous structure on the campus of Brown university at Providence, R. I. While the name of the donor is withheld, it will be dedicated to the memory of Mrs. E. P. Clapp of Pasadena. Ground will be broken for this three-story structure before commencement, it is stated.

Breakdown Seen in Immigration Barrier

WASHINGTON.—A serious breakdown in the government's barriers against the smuggling of immigrants into this country is threatening, according to Senator Lodge, Republican leader of the Senate.

Lodge warned that between 400 and 700 members of the federal immigration service would be suspended between now and July 1 due to lack of funds to pay their salaries. This lay-off of trained sleuths, who have spent years in ferreting down immigrant smugglers, will be due to the refusal of Congress to pass a deficiency appropriation for the service, Lodge said.

"I think the crippling of the immigration service through failure to pass a deficiency appropriation is a very serious matter," Lodge said. "It will undoubtedly lead to a great deal of smuggling.

"It will mean the furloughing of from 400 to 700 men, because there will be no money to pay their salaries until July 1, when the appropriations for the next fiscal year become available."

Lodge estimated that "10,000 illicit and unlawful immigrants" will be admitted before the immigration service can restore its barriers to normal conditions.

"Ith seems to me to be extravagance of the worst kind to break up a service which at the best is undermanned."

Nelson's Flagship to Be Trod by Curious

LONDON—H. M. S. Victory, Nelson's flagship at Trafalgar, has made its last voyage.

The Victory has been ordered into drydock, and in the future her decks will be trod by curious sightseers and not by the men of the British navy.

The economic loss caused by rats is estimated at $180,000,000 annually.

TRY SULPHUR ON AN ECZEMA SKIN

Costs Little and Overcomes Trouble Almost Over Night

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it like cold cream.—Advertisement.

LOCAL POSTOFFICE WILL ENTERTAIN FOR VISITORS

All of Glendale Is Invited to Call, See Exhibits, Criticise, and Have Refreshments

(Continued from Page 1)

ducements for you to visit the place this week. This morning F. J. W. Henry of the Sierra Club beverage plant sent fifteen cases of Fru-Berree' punch to the postoffice and informed Postmaster D. Ripley Jackson that "there will be more as you need it."

At 1 o'clock each afternoon, or whenever a crowd of visitors congregates, there will be music by the postoffice orchestra which includes the postmaster at the piano, C. J. Donaldson, clarinet; E. C. McFarland, saxophone; Jack Boettner, banjo; E. C. Holcomb, clarinet, and others not in the postoffice employ.

The Glendale Merchants' Association will adjourn their meeting this afternoon to inspect the postoffice, while tomorrow the directors of the Glendale Chamber of Commerce will visit the institution. The whole staff of the Harrower Laboratory will parade to the postoffice Wednesday and get acquainted with the workmen—and women, too—who handle the vast amount of mail dispatched by that establishment.

The newspapers, theatres and all civic organizations are co-operating with Postmaster Jackson and the personnel of the postoffice in making improvement week one of the largest events in the city's history.

It is to be regretted that the office is not located in the new building which is being constructed for its especial needs on Broadway near Orange.

C. & S. Cafeteria Now Closed; New Location

The C. & S. Cafeteria at 111 North Brand boulevard was closed today for the first Monday in a number of years.

Mrs. Louise Stocker and J. T. Stewart of 346 West Doran street are now taking a rest of about six weeks' duration until their new building is completed at 220 North Brand boulevard, in which will be found about the middle of June the new quarters of the C. & S. Cafeteria.

The new establishment is expected to be quite attractive. The dining room will accommodate about forty tables. Every convenience will be provided for the patrons.

City's Flag In Need of Replacing, Claimed

Mrs. Johanna E. Edwards of 371 West California avenue writes that while sitting before a local office window on North Brand boulevard:

"I had a splendid view of Glendale's business center, but that which caught my eye first of all was 'Old Glory' flattering in the breeze on the city's flagpole. This one is very much 'Old Glory' as it is worn out and much in need of being laid at rest. If there are no regulations as to the size of the flag, why not have a newer and larger one replace it?"

C. C. Kuver Is Owner Of Broadway Bakery

C. C. Kuver of Trinidad, Colo., has purchased the Broadway Bakery at 116 West Broadway from O. V. Brockmann and has taken charge today. He has brought an experienced baker with him and plans to remodel the place at once to give Glendale the most model bake shop possible, he states.

OFFICER'S SON IS KILLED

LONDON, April 29.—Armed men broke into the home of an undersheriff at Clonakilty, in County Cork, and killed his son. They then burned down the Masonic lodge building in the town, said a dispatch received here.

POINTS TO HISTORY AS WARNING FOR DISBELIEVERS

Rev. Keith L. Brooks of Eagle Rock Makes Address Before the Men's Bible Class

"What to wear at the wedding reception," was discussed yesterday in the council chamber of the city hall by the Men's Bible class of the Presbyterian church.

Rev. Keith L. Brooks of Eagle Rock, teacher of the class, based his address upon the marriage feast to which it was necessary to call guests from the highways and byways after the regularly invited guests have refused to come.

"The king, who gives this feast represents God and the son is Jesus Christ Himself," declared Rev. Brooks. "It implies great honor to those who were invited. The Jews were the first bidden to partake of the royal bounty of grace and the parable says, 'They would not come.' Again, other servants were sent forth to tell them that the dinner was all prepared and this second invitation was treated with even more marked aversion. This represents the second invitation that went forth to the Jewish nation after Pentecost when again the gospel of the risen Christ was declared in all its freeness. The parable says that they made light of it and went their ways to their farms and their merchandise.

Chasing Uncertain Riches

"It is said that there are many who do not want to enjoy God's feast of grace or go to heaven. We have heard of savages who barter gold for glass beads and here are men who would trade eternal life and the treasures of heaven for a brief, weary life of chasing uncertain riches on earth.

"The second rejection of the invitation is attended by violence. This speaks of the ferocious bigotry that rose up against the preachers of the resurrected Christ. The parable represents the king as greatly enraged because of this treatment of his servants. The Roman emperor whose armies went forth to destroy Jerusalem was unconsciously serving the purpose of God.

"Those today, who make light of the same gospel invitation, should remember Jerusalem's fate and the fate of other rejecting nations. We cannot spurn the message of His grace and escape divine retribution.

"Others were sent forth into the highways to call in as many as shall be found 'bad and good.' This is the glorious outburst of grace that came to the Gentiles."

Small Investments and Big Results Follow

Here is a tale of what $10 will do. That is, what is will do when spent in The Glendale Evening News, if the facts given by Contractor S. S. Beran of 305 South Brand boulevard prove true in similar cases.

He had two or three modest display advertisements inserted in last week's edition of this paper and sold two duplex houses and one triplex as a direct result of the appeal.

That sounds pretty good, but R. N. Greenlaw of the Glendale Realty company, 133 South Brand boulevard, found three buyers for one $6,000 home he offered through the classified columns.

It's results that count. Do you advertise? Do you read the ads? You're missing something if you do not.

TEN SERIOUSLY INJURED

DETROIT, Mich., Map 1.—Ten men were seriously injured, one so badly he may die, and $25,000 damage was sustained in a blast which partially wrecked the acetylene welding department of the West Side plant of the Fisher Body Company.

Leigh Lynch, production manager, said the explosion had been caused by a workman throwing aside a tank of acetylene he believed to be exhausted and neglecting to close the valve. A new tank was substituted and gas remaining in the used cylinder exploded with a force that threw the men in the air, brought down shafting and machinery, and smashed practically all of the windows in the welding plant.

THRILLING PICTURE OF HIDDEN GOLD IS PRESENTED

Exciting Adventures, Battle on Floor of Ocean, Lots of Gripping Scenes

Gold—wet gold—chests of it—hidden at the bottom of the sea. That's the thrill in "Wet Gold," the sensational undersea story that is the extrordinary attraction at the T. D. & L. theatre today for the last time. Excitement runs all the way through this one. And two parties of adventurers fighting tooth and nail for the gold.

The trail skims down the Atlantic seaboard, pauses at an exciting race at the Havana track, dips to a lost isle in the South Atlantic and plunges to the very floor of the ocean, where men in grotesque diving suits come to death grips for the treasure.

The underwater scenes are unlike anything you have ever seen. "Wet Gold" will hold you spellbound in your seat!

Harold Lloyd in "An Ozark Romance" lends the comedy to this wonderful program.

Business Women to Give Concert Thursday

An important musical event of the season is scheduled to take place Thursday night, May 4, at the Chamber of Commerce auditorium, at which time a concert will be given by the Harry Girard-La Bonti quartet under the auspices of the Business and Profesisonal Women's Club of Glendale.

A program of classical vocal music and a lyrical idyl, "The Trend of Time," will be rendered. "The Trend of Time" is a composition by Mr. Girard, the theme of which is a musical setting of lyrics descriptive of the twelve months of the year. This composition and "The Alaskan" are only two of some fifty or sixty works of Mr. Girard, who is one of the foremost composers west of the Rocky mountains. "The Trend of Time" has received most favorable comment in England and will no doubt prove a great treat to the music lovers of Glendale.

Those who will take part in the presentation of this concert includes Agnes Cain-Brown (Mrs. Harry Girard), soprano; Harry Girard, basso cantante; Madame La Bonti, contralto; Henri La Bonti, tenor; Madge Shalk Nottage at the piano.

Osteopathic Act Is Discussed at Meeting

Osteopaths of Glendale met Friday night at 515 North Kenwood street in the home of Dr. Caroline Paine-Jackman.

"The Osteopathic Act," which is to be put upon the ballot at the November election, was the topic of discussion.

Guests of the occasion were Dr. Charles Spencer of Los Angeles, president of the Western States Osteopathic Association and formerly president of the California Osteopathic Association. He was accompanied by Ellis Purlee, campaign manager for the osteopathic measure.

The initiative bill creates a board of osteopathic examiners appointed by the governor to have full power in the state over all practicing osteopaths. Expenses of administration are to be paid from the collection of license fees. It is estimated that 410,000 affirmatives are needed to pass this measure, it was stated.

Jimmy O'Connell Has Lead In Stick Work

SAN FRANCISCO, May 1—Jimmy O'Connell, San Francisco, was the leading batsman last week in the Pacific Coast league, boosting his average from .408 the week previous to .458. His team mate, Bert Ellison, is running him a close race, having raised his average during the week from .446 to .455. Nollwitz of Sacramento was in third place with .392.

San Francisco continued to lead the league in team hitting with .336, Sacramento being second with .289. Vernon headed the fielding honors with .968 and Portland was second with .966.

M'Cabe and Baldwin To Be Fined, Belief

LOS ANGELES, May 1.—That Billie McCabe, center fielder, and Catcher "Red" Baldwin of the Los Angeles baseball team will be fined and suspended as the result of their attack on Umpire Mat Easton at noon which for a time caused a riot in the stands, was the opinion expressed today in baseball circles.

Walsh & Simpson of Glendale Get Contract

Walsh & Simpson of 416 Pioneer Drive, Glendale, were the low bidders for erecting an addition to the Saticoy street school building in San Fernando, according to the Southwest Builder & Contractor. They took the work for $931.

DENIES SHE WILL WED

NEW YORK, May 1.—Mrs. Enrico Caruso, sailing for Europe with her daughter Gloria, denied rumors that she is to marry Commander Arthur Wagstaff, U. S. N. The widow of the famous tenor said he was an old friend of her family.

COMMENT THAT'S ALL

How About Vacation Week?
Transformation in Valley
Whiskers Badge of '49ers
Material Prices Permanent

By Gil A. Cowan

EVERYTHING has a week unto itself now, or if it cannot command full seven days, one, two, or three will do.

This week is Postal Improvement Week, also National Bicycle Week. How many more no one nkows, but last week was Clean Up Week, and Boys' Week is coming up.

Then there is Mothers' Day, Decoration Day—so many days that they daze you. No one knows better than the newspaper man, who has to keep track of them all as best he can.

But there is only one week in the year that really interests the writer of all other days, etc.—that is the Vacation Week or the Off Day.

Here are some ideas about improvements for the San Fernando valley which are taken from an editorial appearing in the Van Nuys News, which looks forward to a great transformation in this vicinity during the next few years:

The Pacoima dam as a flood control and water conservation measure.

The Tujunga dam for a similar purpose.

The San Fernando power plant to be built by Los Angeles this year.

Additional paved highways in the valley for which several petitions have already been filed.

The proposed Riverside boulevard, which will give another connecting highway between Los Angeles and the valley.

The Beverly-Van Nuys boulevard to provide a shorter route from the valley to the Santa Monica bay beaches.

The widening and lowering of grade in the highway through Cahuenga pass.

The establishment of great valley parks at San Fernando mission and Chatsworth reservoir.

A large agricultural college to be located in the valley.

A permanent reduced rate for winter irrigation to encourage planting of cover crops and to produce higher yields of fruits and vegetables.

The development of berry and grape culture into industries that will take rank with the many other important industries established.

The addition of more canneries and dryers to provide wider markets for the fruits of the valley.

Standardization of products grown in the valley to bring better financial returns to the growers and to popularize the products.

Ten thousand bewhiskered citizens of Sacramento will greet all comers at the '49 celebration to be held there the latter part of this month.

From a membership of 50, the club increased to more than 5,000 with new recruits cheating the barber every day.

Badges were to be given the members, but the club has grown so fast, it is reported, that the whiskers will speak for themselves.

Seems that they were the style in '49 and everything must be realistic, according to the press agent.

Yes, even to the gold, it is presumed.

Glendale builders, who are making themselves noted for their activity, will be interested in the following note in the current issue of the Southwest Builder and Contractor:

"An eastern financier interested in construction work is quoted as saying that prices of materials have reached a level which he expects them to maintain for four or five years. He regards any material showing an index of 175 today, taking the price for 1913 at 100, as being on a stable basis. There appears to be little doubt that prices are now fairly well stabilized and that, with exception of intermittent minor fluctuations, they will prevail for a considerable period. To fix this period in terms of years is merely a guess, and one guess is as good as another."

Charlie Robertson Is Put In Hall of Fame

CHICAGO, May 1.—Chicago baseball fans are paying homage to a new immortal. He is Charlie Robertson, recruit White Sox pitcher, who achieved undying fame by pitching a no-hit, no-run, no-man-to-first game against the Detroit Tigers yesterday.

Robertson's perfect game is the third that has been pitched in the major leagues in modern times. On May 5, 1904, Cy Young, the famous pitcher of the Boston Red Sox, turned the trick against the Athletics. Addie Joss of Cleveland twirled a perfect performance against the White Sox on October 2, 1908.

Records show that on July 15, 1876, George Bradley, pitching for St. Louis against Hartford, achieved a perfect game. John Richmond of Worcester entered the list against Cleveland on June 12, 1880, and five days later, June 17, 1880, John M. Ward of Providence turned in a perfect contest in a game with Buffalo.

Robertson's achievement yesterday was the sixth of its kind in the history of major league ball and the first in fourteen years. He is making his third try for a regular berth with the Sox. Twice before he has been farmed out to the minors. Last year he was the star of the Minneapolis club of the American Association. His home is in Texas. Indications are that Robertson will remain with the Sox this year.

INDICTMENT ON K. K. K.

HOUSTON, Tex., May 1.—One indictment charging "whitecapping" was returned by the Harrison county grand jury in making its report of a stirring three months' session, a great part of which was taken up in investigating the various Ku Klux Klans in this county.

POVERTY OF RICHES TODAY'S FEATURE AT GLENDALE

All Star Cast Is Shown In Pleasing Picture; Directed by Reginald Barker

There are so many fine things in the new Goldwyn picture, "Poverty of Riches," by Leroy Scott, that opened at the Glendale Theatre yesterday, that it is difficult to say what its strongest impression is. The story is one of family life, simply told, yet replete with drama, as real life is. The acting of the all-star cast leaves nothing to be desired; and the story shows an actual progression in the unfolding of the characters of the people in the photoplay. At the end of the story, life has taught them something, and they are different people from the young married folks we met at the beginning of the first reel. It would be unfair to disclose the plot of the story, but it is gripping, entertaining and delightfully told.

Reginald Barker directed "Poverty of Riches," and injected many subtle bits of action that are rarely seen in photoplays. In the cast are Leatrice Joy, Irene Rich, Louise Lovely, Richard Dix, John Bowers, and half a dozen wonderful children.

Of course, there is a comedy and news reel to complete the program.

Pick Panel to Probe Klan's Mob Violence

LOS ANGELES, May 1.—Twenty-eight men and two women were drawn to constitute the venire panel from which the 1922 county grand jury, impaneled to make a sweeping investigation of the Ku Klux Klan and the Inglewood masked mob violence, will be selected next Thursday.

Protection against possible threats or attempted intimidation was given the prospective grand jurors by Superior Judge Willis, who ordered that their addresses be kept secret.

Thursday the thirty men and women will appear in Superior Judge Houser's court, for examination as to their qualifications to serve as grand jurors. Nineteen will be chosen and a foreman elected.

Deputy District Attorney Turner announced today that the evidence seized in the raid of the Klan headquarters would reveal the complete roster of officers and members of the Klan in Taft, Bakersfield, Fresno, Imperial, Calexico, Coalinga, Glendale, Santa Ana, Orange, San Jose, Covina and Azusa, as well as for the states of Oregon, Washington, California, Arizona, Nevada and Idaho, constituting the "domain" of Grand Goblin Coburn.

The cause of the Inglewood raid a week ago was bared today when the startling disclosure was made that the raid followed an alleged discovery that high school students at an Inglewood dance purchased liquor from the Elduayen place.

Prohibition officers received reports, it was stated, that three students at a dancing party had obtained liquor at the Elduayen place and the indignation of their parents and other Inglewood citizens was aroused when the prohibition officers stated they were unable to take action because of the lack of incriminating evidence.

Dempsey May Fight Carpentier In Europe

BERLIN, May 1.—If Geirges Carpentier defeats Tex Lewis of England in their forthcoming battle in London, Champion Jack Dempsey will be willing to fight Carpentier again, this time in Europe, according to a declaration made here today by Jack Kearns, manager of Dempsey. Kearns said:

"Jack is here on a pleasure trip and not for business. He wants to see the art galleries that he has read so much about. He will leave for London on Wednesday to see the Carpentier-Lewis fight. In the event the Frenchman wins, Dempsey is willing to meet him in the ring in Europe. In this event Dempsey will fight in Germany if the opportunity offers."

Commenting upon the enthusiastic reception given to Dempsey on his arrival here on Sunday when thousands of men, women and children participated the Montag Post said:

"The American prize ring champion received a reception fit for a sovereign." There were turbulent scenes about the Zoological station where women fainted and were trampled trying to get near enough to present him with flowers. Men and women had their clothing torn off in the rush. Finally it was necessary for the police to rescue Dempsey and escort him to his hotel.

Glendale High School To Battle Franklin

The Glendale high school baseball team will close its 1922 Central League season on Wednesday afternoon when Coach Butterfield's crew of fly chasers will hook up with the Franklin high school squad on the local diamond. Although the local team has won but two games out of the five played to date, and the Franklins have not suffered a defeat, Captain "Pete" Fruhling and his associates are planning to make every effort to upset the dope by trimming the Printers.

Aageson, who featured last week's game with Covina by fanning sixteen batters, will be on the mound for the locals, while Ringstad will do the catching.

A recent bride in Bellefontaine, O., received a motion picture theatre as a wedding gift from her father.

GUNFIRE TESTS POSTPONED

WASHINGTON, May 1.—Gunfire tests for the Atlantic fleet with the radio-controlled Iowa as a target, scheduled to be held May 1 off the Virginia Capes, have been indefinitely postponed because of the fuel shortage caused by the slashing of appropriations by congress, Secretary of the Navy Denby announced.

The regular cruise of the navy academy's midshipmen will be held as usual. Two of the older battleships and possibly the cruiser Olympia will carry the Annapolis men. The itinerary has not been definitely fixed.

It is better to put your shoulder to the wheel than your back to the wall.

INJURED IN MINE RIOTS

BROWNSVILLE, Pa., May 1.—Twelve strikers and four state policemen were injured during a riot at Tower hill mine No. 1 of the Tower Hill Coal and Coke company, four miles east of here. One of the state policemen and four of the rioters were seriously wounded during the fighting. A crowd of 200 strikers and women rushed three state policemen guarding the mine and a hot fight ensued, the police opening fire, which was quickly returned. A hurry call for reinforcements of the state police was sent and no sooner had they arrived than the battle became general.

If responsibility doesn't weigh anything it isn't responsible.
